

MG-4 Vinyl Gloves

Vinyl gloves offer both tactile sensitivity and barrier protection from a large number of common chemicals and cleaning solutions. Vinyl is less elastic than nitrile and latex, giving it a loose fit and a smoother, more comfortable feel.

With powder-free vinyl gloves, there is no messy powder, but the polymer coating makes the gloves easy to put on and take off.

Vinyl gloves are worry-free when it comes to those with latex allergies. Vinyl gloves include no rubber, so no allergen is present. Ideal for those with latex glove allergies, these lightweight, one-time-use vinyl gloves give you unrestricted movement all day long. Vinyl gloves are well-suited for the food industry, as well as janitorial and sanitation, plumbing, factory and assembly line use, and countless others that require frequent glove changes.

Vinyl Glove Features:

- Excellent chemical resistance and barrier protection
- Lightweight and can be used for food service, parts handling, and janitorial use
- Latex-free and is the superior choice when it comes to people with allergies or sensitive skin.

Product Description:

Material: 100% PVC (Polyvinyl Chloride)

Type: Disposable PVC Gloves,
Powder Free, Non-sterile

Color: Clear

Package Size: 14.6 x 9.5 x 9.1 in

Packaging: 100 Pieces per box
10 box per case

Technical Specs:

Item: Disposable Vinyl Gloves, Powder Free

Size: S/M/L/XL

Style: Ambidextrous, Powder Free Gloves

Powder: No powder lubricant added

Feature: Latex-Free, Allergen-Free,
Odor-Free
