CLEAN ROOM CLEANPRO ULTRACLEAN100 5 MIL WHITE NITRILE

Our gloves are designed to protect workers from a variety of risks, including chemical splashes, micro-organisms, and viruses. They are certified to Class 10 or 100 (ISO Class 4 or 5) standards, which means they offer a high level of protection and cleanliness. The CleanPro® UltraClean Nitrile Cleanroom Gloves are also comfortable to wear for long periods of time.

Tailored to fulfill a multitude of tasks, CleanPro® UltraClean Nitrile Cleanroom Gloves provide a versatile non-sterile solution that accommodates both left and right-hand users with their ambidextrous design. These 12" gloves ensure extensive wrist coverage, while their textured finger grips significantly enhance dexterity and control during delicate procedures. The incorporation of a beaded cuff simplifies the donning process and reduces the risk of cuff roll-down. When it comes to cleanroom operations, these gloves stand as the perfect combination of comfort and reliability, making them the ideal choice for precision and reassurance in equal measure.

Made of 100% nitrile, thicker and textured for better grip, resistant to penetration and permeation by chemotherapy drugs, which can be hazardous to healthcare workers who handle them without proper protection.

Our gloves have been tested and certified to meet certain standards for chemical resistance. They are commonly used by healthcare workers who handle chemotherapy drugs during

BENEFITS

- 5 Mil White Cleanroom Nitrile Gloves
- Exceptional strength and durability
- High resistance to oil and grease
- Great protection against chemicals
- Good alternative for those with latex allergies
- Beaded Cuff for easy removal
