

MG-H24 Hepro 4 Mil Blue Nitrile Powder-Free Gloves

These ambidextrous and disposable exam gloves are non-allergenic and non-irritating. They are tested and approved for protection, and strong enough to protect against liquids and debris. They are designed with a highly elastic fit and beaded cuffs to provide a snug, secure fit when wearing for extended periods of time. Additionally, they offer tactile sensitivity for delicate patient care.

These gloves are ideal for all-purpose medical use, police investigations, lab work, hair coloring, tattooing, food prep, painting, cleaning, pet care, home improvements, hobbies, and arts & crafts. Offering great protection and eliminating allergies associated with latex gloves, these nitrile gloves are expertly crafted out of nitrile material to provide optimal protection and comfort.
