

Membrane Solutions MS501 Air Purifier

The Membrane Solutions MS501 Air Purifier has a perfect blend of commercial and residential applications and comes with additional UV filtration.

It comes with an H13 HEPA filter - a higher grade of HEPA filter that comes with a CADR rating of 500m³/hour, and can easily clean the air in a room of up to 1130 square feet every 30 minutes. It has true H13 HEPA 3 Layer Filtration and can easily remove smoke, allergens, dust, pet dander, odors, bacteria, volatile organic compounds, and pollen.

Features

- H13 True HEPA Filter
- Cleans an area of 1130 sq. ft. every 30 minutes
- Clean Air Delivery Rate (CADR) of 500
- Removes 99.9% of particles down to 0.1 micron
- Three Layer Filtration

Specification

CADR Smoke: 500 m³/h
CADR Smoke CFM: 294
Noise Level Min: 34dB
Noise Level Max: 55dB
Power: 55 Watts
Package Size: 375*375*695 mm
Product Weight: 7 Kg

Filtration System

Filtration Stage: 3-stage Filtration
HEPA Filter: H13
Filtration Accuracy 0.1 micron: 99.97%
Activated Carbon Filter: Yes
Filtration Technology: HEPA + Active Carbon
Negative Ionizer: Yes
Number of fan speeds: 3
