LIGHTS
IN 1

MODEL 1

MODEL 2

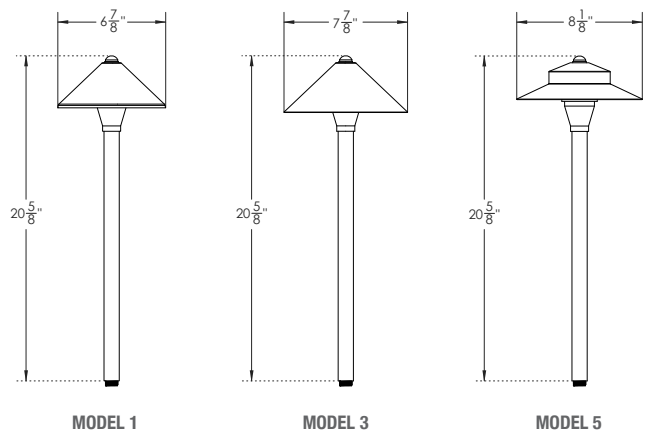

MODEL 5

Create a safe, wandering path of light to guide guests to the door and throughout the property. Our path lights make a yard seem larger by framing it. Inviting and effective, path lights increase security and safety while maximizing charm and appeal. Choose from five models to fit the unique style and the architectural elegance of any outdoor living area. These lights have;

- Integrated LED design.
- Anti-moisture connections.
