To whom it may concern:

This is to certify that the hard capsules of vegetable origin (K-CAPS®) manufactured by C.I. FARMACAPSULAS S.A.S. are made from cellulose ethers, which are polymers derived from cellulose.

All raw material used meets all requirements of current United States Pharmacopeia (USP) and European Pharmacopeia (EP) Cellulose ethers are considered as Generally Recognized As Safe (GRAS) by the FDA.

Colorant and ingredients used in capsules are officially approved for use as dye in Foods, Drugs and Cosmetics and / or Drugs and Cosmetics, in the country of destination.

Capsules manufactured by C.I. FARMACAPSULAS S.A.S. meet Canadian, U.S.A. and European Food Drug and Cosmetics regulations. The above specifications apply to all capsules having the same size and code numbers, unless otherwise stipulated.

Empty hard capsules of vegetables origin manufactured by C.I. FARMACAPSULAS S.A.S. for Capsuline® fulfill all the requirements established by the Kosher and Halal Standards.
