WARREN JOHNSON ON EVS SPORTS' HOTTEST PRODUCTS

BEST SELLING WEB PRO KNEE BRACE

"The Web Pro knee brace features the industry's first twin-wall carbon fiber frame construction for increased strength and rigidity. The patented Tru-Motion 3.0 hinge design anatomically mimics the natural motion of the human knee for maximum comfort and flexibility. The full-coverage knee cups provide amazing impact protection in both bent- and straight-leg situations. A Sharkskin neoprene liner reduces brace migration, while the adjustable hyperextension lockouts offer a customized fit. Available in sizes S, M, L and XL, the knee braces are sold individually or in pairs. At \$425 each or \$799 a pair, the Web Pro is one of the best-selling knee braces made."

MOST UNIQUE R4K RACE COLLAR

"EVS' R4K Race Collar is the only one designed to minimize the risk of axial compression, hyperflexion, hyperextension and lateral hyperflexion. It absorbs impacts, deflects downward forces and diffuses energy. The R4K has a three-layer protection system. The outer wall deflects impacts. The Koroyd's interior honeycomb structure provides maximum strength, and the high-density EVA foam encases the Koroyd, providing optimal impact absorption. It is 22 percent lighter and absorbs 32 percent more impact than any other collar on the market. It is available in adult and youth sizes and black and white colors. The price is \$199 (adult) or \$179 (youth)."

BEST VALUE F1 ROOST DEFLECTOR

"Our roost deflector is designed to act like a hard exoskeleton that provides the rider with an additional layer of chest, abdominal and back protection. The F1 roost deflector is a lightweight, CE-certified, impact-resistant, form-fitting design that hugs the rider's body. The adjustable shoulders and removable back plate provide a broad range of customization. The Click-Tec front closure system ensures maximum adjustability. It can be worn over or under a jersey and is fully race-collar compatible. The F1 is available in two sizes (S/M and L/XL) and in black or white to match any gear set. The retail price is \$75 (S/M) or \$89 (L/XL)."
