

SAFETY

Overcharge voltage, over discharge current, short circuit and overheating protection.

2 YEAR WARRANTY

Full 2 Year Manufacture Full Replacement Warranty

SMART

IBMS: Intelligent, integrated battery management system has automatic protection and maintenance functionality.

MEGA·LiFe

Lithium Iron Phosphate (LiFePO4) battery designed for racing applications. Replaces the popular ER40, SBS40, PC1100, B128L etc size batteries with no modifications!

Direct fit to V8 Supercar, many FIA GT3 and other popular racing series. DMSB approval for competition use.

Unbelievable power to weight ratio. Ultimate mounting freedom being fully sealed and IXP8 water resistant rating.

Turn over a hard to start or high compression engine with a direct replacement unit with more CCA or downsize your battery for the same starting power.

MR-40S includes 'emergency start' feature:

The MEGALiFe reserve cell technology allows you to avoid the issues of a flat battery with the push of a button!
