## 5 Gallon Hard Seltzer Recipe Kit

### Shopping List

\$49.99

#### Grain & Sugars:

- 5 lbs Dextrose Sugar

#### Included In Kit:

- All Sugars Measured and Ready
- Hard Seltzer BrewWater Water Kit
- 96 oz Elderberry Wine Base
- 4 oz Bottling Sugar

#### Not Included in Kit:

- 4.5 Gallons Distilled or RO Water

### Directions:

Begin by adding 4 gallons of sanitized distilled or RO (reverse osmosis) water to your sanitized fermenter. Add in all 5 lbs sugar (only add 3.5 lbs if you want a 5.0% abv Hard Seltzer!) and mix with a sanitized SS spoon or mash paddle until it's dissolved completely. From here, add your entire 96 oz can of Elderberry Wine Base, then any more water needed until you are at 5.5 gallons of water exactly in your fermenter. Pitch your entire package of BrewWater Hard Seltzer Yeast Kit, sprinkling it along the top of the liquid, then attach your lid and airlock. Put your fermenter in a room temperature location, anywhere from 65° F to 70° F. After 14 days fermentation should be done, but it can take up to 21 days for fermentation to finish. Check your gravity on day 14, and if it's 1.000 or lower, it's ready. Crash chill if possible, then, if bottling, transfer to the bottling bucket or keg, leaving behind all of the Elderberries in the fermenter. Either add bottling sugar and bottle, allowing 2 weeks for carbonation, or transfer to your keg, carbonate and enjoy!

### Style:

#### Immunity Elixir Elderberry Hard Seltzer

Immunity Elixir is the original Hard Seltzer with fresh Elderberry Wine Base! This delicately delicious, dry and crisp Hard Seltzer Kit combines the dry deliciousness of your favorite Hard Seltzer base with a full gallon of canned Elderberries, leaving you with a 7% elixir that you can feel good about drinking and better about sharing! With a light, distinctly purple color and a flavor reminiscent of Elderberry wine, a treat no matter where you live, this is by far one of our most popular Hard Seltzer Kits. Easy to make for ANY level of fermentationist, and even more pleasing to drink, this will forever be a summer staple
