

Bobalove

PRINTABLE HOLIDAY GIFT TAGS

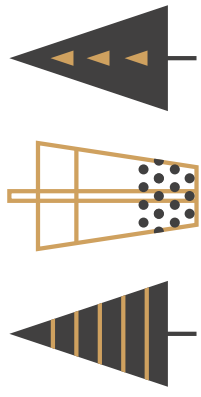

HOW TO USE

Print out the next page on your home printer or at your local print shop. I suggest using a thick white cardstock, but feel free to experiment with other options!

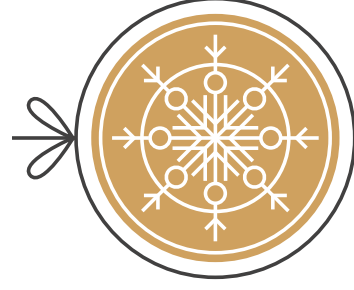

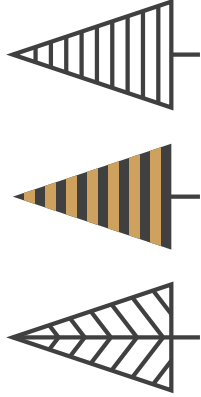

Cut along the dotted lines, then punch a hole at the top of each tag.

USAGE

These tags are for personal use only. You are welcome to print them as many times as you'd like and feel free to share them with your friends but please do not resell them
