## WHO WE ARE

At LifeStraw, we believe everyone deserves equitable access to safe drinking water. We design beautiful, simple, and functional products that provide the highest protection from unsafe water based on where and how they will be used. We are a certified B Corp and we take our responsibility to people and planet seriously. For every product sold, a child in need receives access to safe water for an entire year. We have been partners in the fight for the eradication of Guinea worm for 25 years, and we actively respond to emergencies across the globe. We are Climate Neutral Certified and from product to packaging, we measure and minimize our environmental impact. We strive to support underrepresented communities through our actions, our products, our marketing and our communications. We live, work and create with impact in mind. We fight for good and always err on the side of action.

BY END OF 2022,

1 PURCHASE = 1 YEAR  
SAFE WATER FOR 1 CHILD

## WHY WE ARE DIFFERENT

### IMPACT

LifeStraw is in business to bring safe drinking water to those who need it most. We are a humanitarian company that gives back. We also commit to ensuring that respect, diversity, and inclusion are a conscious part of all of our work.

### RESPONSIBILITY

To responsibly impact people and planet, we strive to develop products that reduce waste and we recognize our obligation to measuring and minimizing our foot print and environmental impact.

### TECHNOLOGY & INNOVATION

We innovate technology powerful enough to protect some of the most harmful diseases and emerging contaminants in the world and we back it with the most rigorous testing in the business.

### BEAUTIFUL DESIGN

We use simple, Danish design that ensures our products are beautiful, functional, and sustainable.

PERSONAL WATER FILTER

COLLAPSIBLE SQUEEZE FILTER BOTTLE

GRAVITY WATER FILTER SYSTEM

GRAVITY WATER FILTER SYSTEM

GRAVITY WATER PURIFIER SYSTEM WITH VIRUS REMOVAL

## SOLO PERSONAL WATER FILTER

ULTRALIGHT FILTRATION FOR BACKPACKING,  
EMERGENCIES + TRAVEL

### WHY YOU'LL LOVE IT:

- This ultralight, pocket-sized filter turns any standard water bottle into a filtration system.
- Go the distance: the durable materials and re-engineered membrane will mean no breaks, blockages or flow rate issues while you're out there.

Attaches to  
standard  
water bottle  
(28 mm)

Ultra light (1.7 oz)

High flow rate  
(3L/min)

### PROTECTS AGAINST:

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts  
up to 500 gal | 2,000 L  
Pore size: 0.2 micron

Meets US EPA & NSF P231 standards  
for the removal of bacteria and  
parasites

Weight: 1.7oz | 48.2 g  
Size: 1.3 in x 5.1 in | 3.30 cm x 12.9 cm

LifeStraw Peak Series Solo Water Filter is an ultra-lightweight (only 1.7oz), compact (just 5.1") portable water filtration device that removes bacteria, parasites, microplastics, silt, sand, and cloudiness from drinking water. The standard 28mm threading on the filter allows it to be screwed onto most common water bottles. The fast filtration rate enables you to fill up a 1L bottle in just 20 seconds.

## PERSONAL STRAW FILTER

FOR BACKUP FILTRATION, EMERGENCY,  
& LIGHT HYDRATION

### WHY YOU'LL LOVE IT:

- Unlimited shelf life - no need to worry about how long it's been in your go-bag unused.
- Extra versatility - can also be attached to water bottles and to standard gravity hoses.

### ENHANCED MICROFILTER PERFORMANCE

Our re-engineered filter helps reduce clogging from sand & silt.

### EXTREME DURABILITY

Premium materials make it tougher and ultra leak-proof.

### HIGHLY VERSATILE

Built-in gravity hose attachment and universal threading for squeeze bottles.

We took the most popular outdoor water filtration device on the market, and reimagined it for added versatility, sustainability, a better grip experience, and updated design and colors. This ultra lightweight personal water filter is made from high performance premium sustainable materials, it has no extra parts to keep track of, and it boasts an enhanced flow rate for easy sipping. At 2 ounces and with 5-years of safe water in the palm of your hand, no backpack, pocket, or glove compartment should be without one.

### PROTECTS AGAINST:

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts up to 1,000 gal | 4,000 L  
Pore size: 0.2 micron

Meets US EPA & NSF P231 standards for the removal of bacteria and parasites

Weight: 2.3 oz | 65 g  
Size: 1.26 in x 7.5 in | 3.2 cm x 19.5 cm

**COLLAPSIBLE SQUEEZE BOTTLE**  
WATER FILTER SYSTEM

FOR TRAIL RUNNING, THROUGH HIKING,  
LIMITED SPACE TRAVEL, CYCLING + MORE!

**WHY YOU'LL LOVE IT:**

- It's durable enough to last you on your long haul adventures without having to worry about rips, tears and punctures.
- Ultralight & collapsible at less than 4 oz means you can grab and go.
- The filter is removeable so you can also use as a water storage solution.
- Super versatile - the filter itself can be screwed on to other water bottles or other Peak gravity systems.

**ULTRA COMPACT**

Filter can be placed inside or outside of the squeeze pouch to maximize space.

**HIGH FLOW RATE**

Our re-engineered filter gets up to 3L per minute. That's really fast.

**EXTREME DURABILITY**

2x thicker, premium materials make it tougher and ultra leak-proof.

**HIGHLY VERSATILE**

The Collapsible Squeeze Bottle System is designed with every occasion in mind. Use as a bottle, push water through it into cooking containers or other drinkware, use as a straw, or connect to other Peak systems.

**PROTECTS AGAINST:**

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts up to 500 gal | 2,000 L  
Pore size: 0.2 micron

Meets US EPA & NSF P231 standards for the removal of bacteria and parasites

650 ml	1 L
Weight: 3.62 oz   102 g	Weight: 3.91 oz   110 g
Size: 4.1 x 10 in	Size: 4.7 x 12.1 in
10.5 x 25.6 cm	12 x 30.8 cm

LifeStraw's new Peak squeeze filtration is an all-in-one water storage and filtration device. Made from premium durable materials that render it stronger than any squeeze system on the market and won't tear or rip on your adventures. The membrane density has been optimized to reduce clogging and the over-cap features a custom cap prevent leakage.

### 3L GRAVITY BAG WATER FILTER SYSTEM

FOR BACKPACKING & SMALL GROUP CAMPING

#### WHY YOU'LL LOVE IT:

- Ultralight and ultra-durable. Take it hiking, camping, or hang it from the RV.
- Designed to be fully leak-proof to use as storage while moving about.
- Ultra-versatile; filter can also be used as a straw or with standard water bottles.
- Great for small campsites of 2-3 people.

#### ENHANCED MICROFILTER PERFORMANCE

Our re-engineered membrane and custom backwash accessory means better performance against sand & silt to ensure a great flow over the long haul.

#### EXTREME DURABILITY

Premium materials make it tougher and ultra leak-proof.

#### PROTECTS AGAINST:

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts up to 500 gal | 2,000 L  
Pore size: 0.2 micron

Meets US EPA & NSF P231 standards for the removal of bacteria and parasites

Weight: 8.1 oz | 228 g  
Size: 8.6 in x 20.8 in | 22 cm x 52.9 cm  
Hose Length: 47 in | 1.2 m

#### HIGHLY VERSATILE

The 3L Gravity System is designed with every occasion in mind: use as a gravity system, a large squeeze bottle, a straw, or use the filter with a water bottle.

It's the simple, economic, lightweight and compactible option for back-country camping and backpacking.

The optimized filtration cartridge boasts a high flow rate and ability to remove sand and silt without clogging. The water storage bag is extra strong and leak-proof so it can stand up to the same toughness and usage that you put your other gear through. You'll never have to buy another.

## 8L GRAVITY BAG WATER FILTER SYSTEM

FOR BASE CAMP, LARGE GROUPS,  
VAN & RV TRAVEL

### WHY YOU'LL LOVE IT:

- The toughest gravity bag on the market to stand up to your adventures.
- Hangs from a tree or RV for quick hydration at base camp.
- Leak-proof cap included for easy water storage.
- Ideal for larger camping groups – only one person has to carry water for the group!

### ENHANCED MICROFILTER PERFORMANCE

Our re-engineered membrane and custom backwash accessory means better performance against sand & silt to ensure a great flow over the long haul.

### EXTREME DURABILITY

Constructed of durable 840 denier double TPU laminated nylon reinforced fabric, which is resistant to punctures & rips during your travels.

### HIGHLY VERSATILE

Can remove the filter from the gravity bag and use it as a straw on the go or with a water bottle.

The best in dromedary bags meet the best in filtration performance. This high-capacity, 8 liter system is made of high performance materials for long term durability. The large cap allows for easy filling, cleaning and leak-proof mobility. It has multiple carrying options, while also boasting a simple but enhanced filtration system designed to prevent clogging. It's the only system you'll need for you and the whole crew for as long as you're on your adventure.

### PROTECTS AGAINST:

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts up to 500 gal | 2,000 L  
Pore size: 0.2 micron

Meets US EPA & NSF P231 standards for the removal of bacteria and parasites

Weight: 19 oz | 536 g  
Size: 14 in x 23.5 in | 35.6 in x 59.7 cm  
Hose length: 47 in | 1.2 m

**8L + 8L GRAVITY BAG**  
SAFE WATER STORAGE SYSTEM

BASE CAMP HYDRATION, VAN & RV TRAVEL,  
LARGE GROUPS

**WHY YOU'LL LOVE IT:**

- Hangs from a tree or RV for quick hydration at base camp.
- Easy pour spout.
- Ideal for larger camping groups – Only one person has to carry water for the group!

**ENHANCED MICROFILTER PERFORMANCE**

Our re-engineered membrane and custom backwash accessory means better performance against sand & silt & maintaining great flow over the long haul.

**EXTREME DURABILITY**

Constructed of durable 840 denier double TPU laminated nylon reinforced fabric, which is resistant to punctures & rips during your travels.

**STORAGE SYSTEM**

The included safe water storage bag has a custom screw spout for fast flow and a hose attachment for versatility. Screw caps throughout make it ultra-leakproof.

The ultimate basecamp high-capacity filtration system that allows for seamless quick-connect safe storage. Both are fully leak-proof systems allowing for mobility, and the safe-water storage bag has a custom twist-cap for high flow rate and a hose adapter to add functionality. Made of high-performance materials for long term durability. Also boasts a simple but enhanced filtration system designed to prevent clogging. It's the only system you'll need for you and the whole crew for as long as you're on your adventure.

**PROTECTS AGAINST:**

- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.2 micron

Membrane microfilter lasts up to 500 gal | 2,000 L  
Pore size: 0.2 micron

LifeStraw ##

**REMOVES VIRUS**

## 8L GRAVITY PURIFIER

VIRUS PROTECTION FOR THE WHOLE CREW

### WHY YOU'LL LOVE IT:

- A rugged, high flow rate water purifier that removes virus!

**EASY TWIST ON/OFF FLOW CONTROL**

### ENHANCED ULTRAFILTER PERFORMANCE

The new ultrafilter contains double the membrane capacity of our previous gravity purifier, enabling higher flow rates while maintaining virus removal at a pore size of 0.02 micron

### PROTECTS AGAINST:

- 99.99% of viruses
- 99.999999% of bacteria
- 99.999% of parasites
- 99.999% of microplastics
- Silt, sand, and cloudiness greater than 0.02 micron

Membrane Ultrafilter lasts up to 4,755 gal | 18,000 L  
Pore size: 0.02 micron

Meets US EPA & NSF P231 standards for the removal of viruses, bacteria and parasites

Weight: 26.4 oz | 750 g  
Size: 74.7 in | 189.7 cm  
Hose length 47 in | 1.2 m

### EXTREME DURABILITY

Constructed of durable 840 denier double TPU laminated nylon reinforced fabric, which is resistant to punctures & rips during your travels.

The LifeStraw Peak Series Gravity Water Purifier is a portable, high-capacity water purification system that removes viruses, in addition to bacteria, parasites and microplastics from drinking water. This rugged, 8L system boasts a high flow rate of 30L/hr and has a lifetime capacity of 18,000 liters - about five years of safe drinking water for a family of five. The product is ideal for emergency preparedness and survival situations as well as camping, adventure and international travel.

# WHAT SETS LIFESTRAW APART

---

1.

Tough and Minimalist: Our products are made with minimal spare parts and are used in the toughest conditions around the world.

2.

LifeStraw is the only water filter brand that owns and operates its own fully equipped ISO certified water laboratory.

3.

4-step quality control including microbiological testing over every single batch of filters.

4.

We give back: We provide a year of safe water to a child in need for every LifeStraw product sold.

5.

Transparent testing: We share all internal and external lab reports publicly, on our website.

6.

Optimal flow rates: Optimized to operate off of human sucking & last longer in sandy & silty conditions.

7.

Sustainable packaging: All packaging is free of plastic and is fully recyclable or compostable.

8.

It's all about the 9s: We report log removal (99.999999%) data for all of our microbiological claims.

LifeStraw®
