

WrapPak® FS

Excellent protection,
Versatile applications

Flexible

Suitable for many different applications

Ergonomics

Automatic cut mechanism, easy to handle fanfold paper bundles and adjustable height.

Cost effective

Fanfolded bundles of paper require less storage and transport space

Full size solution for **box-lining, separating, wrapping** and many other applications

The WrapPak Full Size (FS) converter offers endless packing possibilities for protecting products in a shipping box. Its unique lofted sheet can be used for wrapping, box lining and separating. It is formed in such a way that it allows protection against scratching, surface abrasion and minor handling incidents. The converter can be used in 4 modes; foot pedal, EDS, pre-set mode or batch.

Go Green

Our company works with FSC and SFI certified suppliers. Paper is a recyclable and a renewable source.

- Weight: 200 lbs.
- Power: 120 VAC, 60 Hz, 12 Amps
- Speed: 18" per second
- Cut method: Automatic

Paper

- Paper Options: 40/40, 45/45, 55/55
- Bundle length: 40: 1,325', 45: 1,200', 55: 1,000'
- Bundle width: 15"
- Bundle weight: 40: 22 lbs., 45: 23 lbs., 55: 24 lbs.

Our Added Value

Packaging Engineering

Ranpak will analyze your current packaging solution and perform a drop test, demonstrating how much shock is transmitted to your products through the packaging. Ranpak then suggests proper packaging techniques to improve protection and save costs.

Integrated Applications

The Ranpak Custom Engineering department can design modifications, customizations and other innovative solutions to integrate the packaging converter anywhere around, above or under a packing area.

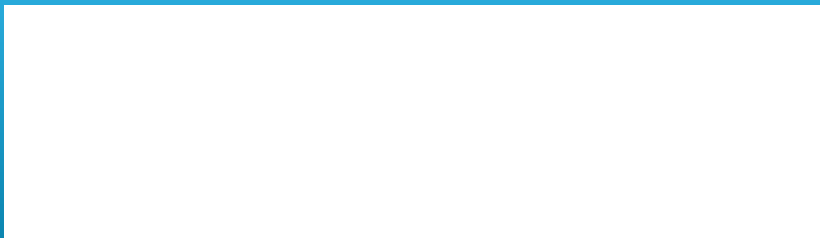

Packaging Training

Training from our packaging experts can help your packers use up to 20% less packing material without compromising the quality of the packaging.

Successful in these industries

Automotive	Business Services	Construction	Cosmetics
Food/Beverage	Appliances	Retail	Pharmaceutical
