

# Ring Sizer

Sizing a ring for a special someone for a memorable occasion can be very tricky. To assist you in making your special occasion perfect we have included some tools that can be used to help you determine the perfect size.

### Tool 1: Measure A current ring

Select a ring that currently fits you correctly. Place the ring over the circle below until the insides of your ring match A specific circle. If your ring falls between two sizes, we suggest you order the next largest size.

### Tool 2: Paper ring sizer

Print out the ring sizer below. Wrap the ring sizer around your finger with the number side visible towards you. Take note of the number that appears near the slit that is your ring size.

While these tools maybe very helpful in determining a ring size the tools are not exact. If you have further questions in regards to sizing please contact customer service at 1-833-213-4323 (4DBE) or via email at [DesiredBeautyEssentials@Gmail.com](mailto:DesiredBeautyEssentials@Gmail.com).

- Before printing make sure the scaling is set to "NONE" in your print options.
- Make sure you are printing standard 8 1/2 × 11 size paper. Your ring sizer should be no more than 3 1/2 inches.
