

BAS=LAYR

X-SERIES 20X24

X2024

85-265VAC

6-LED T8 UV bulbs Wavelength: 395-405 nm

EXPOSURE INSTRUCTIONS:

Print your artwork onto a clear transparency. Next, tape your transparency containing your printed image on the outside of the screen so that the print side is facing the screen. Place the screen on top of the glass so that the squeegee side of the screen is facing up and the image is between the screen mesh and the glass of the exposure unit. Place the foam pad that came with the unit onto the screen mesh and apply about 30 lbs of weight to the top. This will create positive contact between the screen, film and the glass helping to prevent light from escaping around the image. Turn on the unit and expose for the proper exposure time.

WARNING: Unit must be used in an area where others will not be exposed to the Open UV source. This Devices contain an intense UV light. DO NOT look directly into the UV light during operation. This can be harmful to the eyes even for brief periods of time. If viewing the UV light is necessary, Use UV filtered eye protection to avoid damage to your eyes. DO NOT remove bottom unless instructed by the manufacturer, doing so will put you at risk of electric shock.

BASELAYR 3-YEAR ELECTRICAL LIMITED WARRANTY

WHAT IS COVERED?

Baselayr warrants any Baselayr Branded electronic equipment to be free from defects in materials and workmanship for a period of 3 years from the original date of purchase. This Warranty covers all Baselayr Branded/Manufactured electrical equipment, excluding standard consumables, to be protected against defects, damages, or malfunctions under normal use during the Warranty period. If you discover a defect in a product covered by this warranty, we will replace the part or repair the product, using new or refurbished components, or if repair is not possible, replace the item, free of charge.

WHAT DOES THIS WARRANTY NOT COVER?

Shipping or travel associated with a replacement or repair. Any problem that is caused by abuse, misuse, or any "Act of God" circumstance (such as a flood) is not covered. Also, replacement of any standard consumables that have a natural wear and tear rate that will eventually result in that item needing to be replaced is not covered.

This Warranty is non-transferable and can only be used by the original purchaser.

If Standard Consumables are faulty or damaged upon receipt Baselayr will need to be notified within the first 48 hours.
