

Imbue Lighting

imbuelighting.co.uk

We invite you to take a look through this brochure we have created to showcase our interior lighting, which is handmade to the highest quality on the Isle of Anglesey.

Our company was established in 2008 and over the years we have expanded our lighting range to provide UK made lighting which has the wow factor!

We pride ourselves in sourcing unique papers from around the world to create stunning shades to match or compliment your décor. Our current papers include handmade Lokta paper from Kathmandu, Nepal. This very special paper is made in the traditional way using frames and sunshine! Once handmade the lokta paper has many different techniques applied such as Batik, Screen Printing, Resistance or plain Dyeing.

We have recently sourced a range of stunning Yuzen Washi from Kyoto in Japan – Screen printed to the highest quality, which has proven to be consistently popular with many customers.

Our embroidered non woven fabric is a firm favourite and is sourced from Mumbai in India – take a look on Page 52. In addition we make interior lighting using Original Maps as seen on Page 27. We also undertake bespoke commissions using fabrics, wallpapers and posters etc!

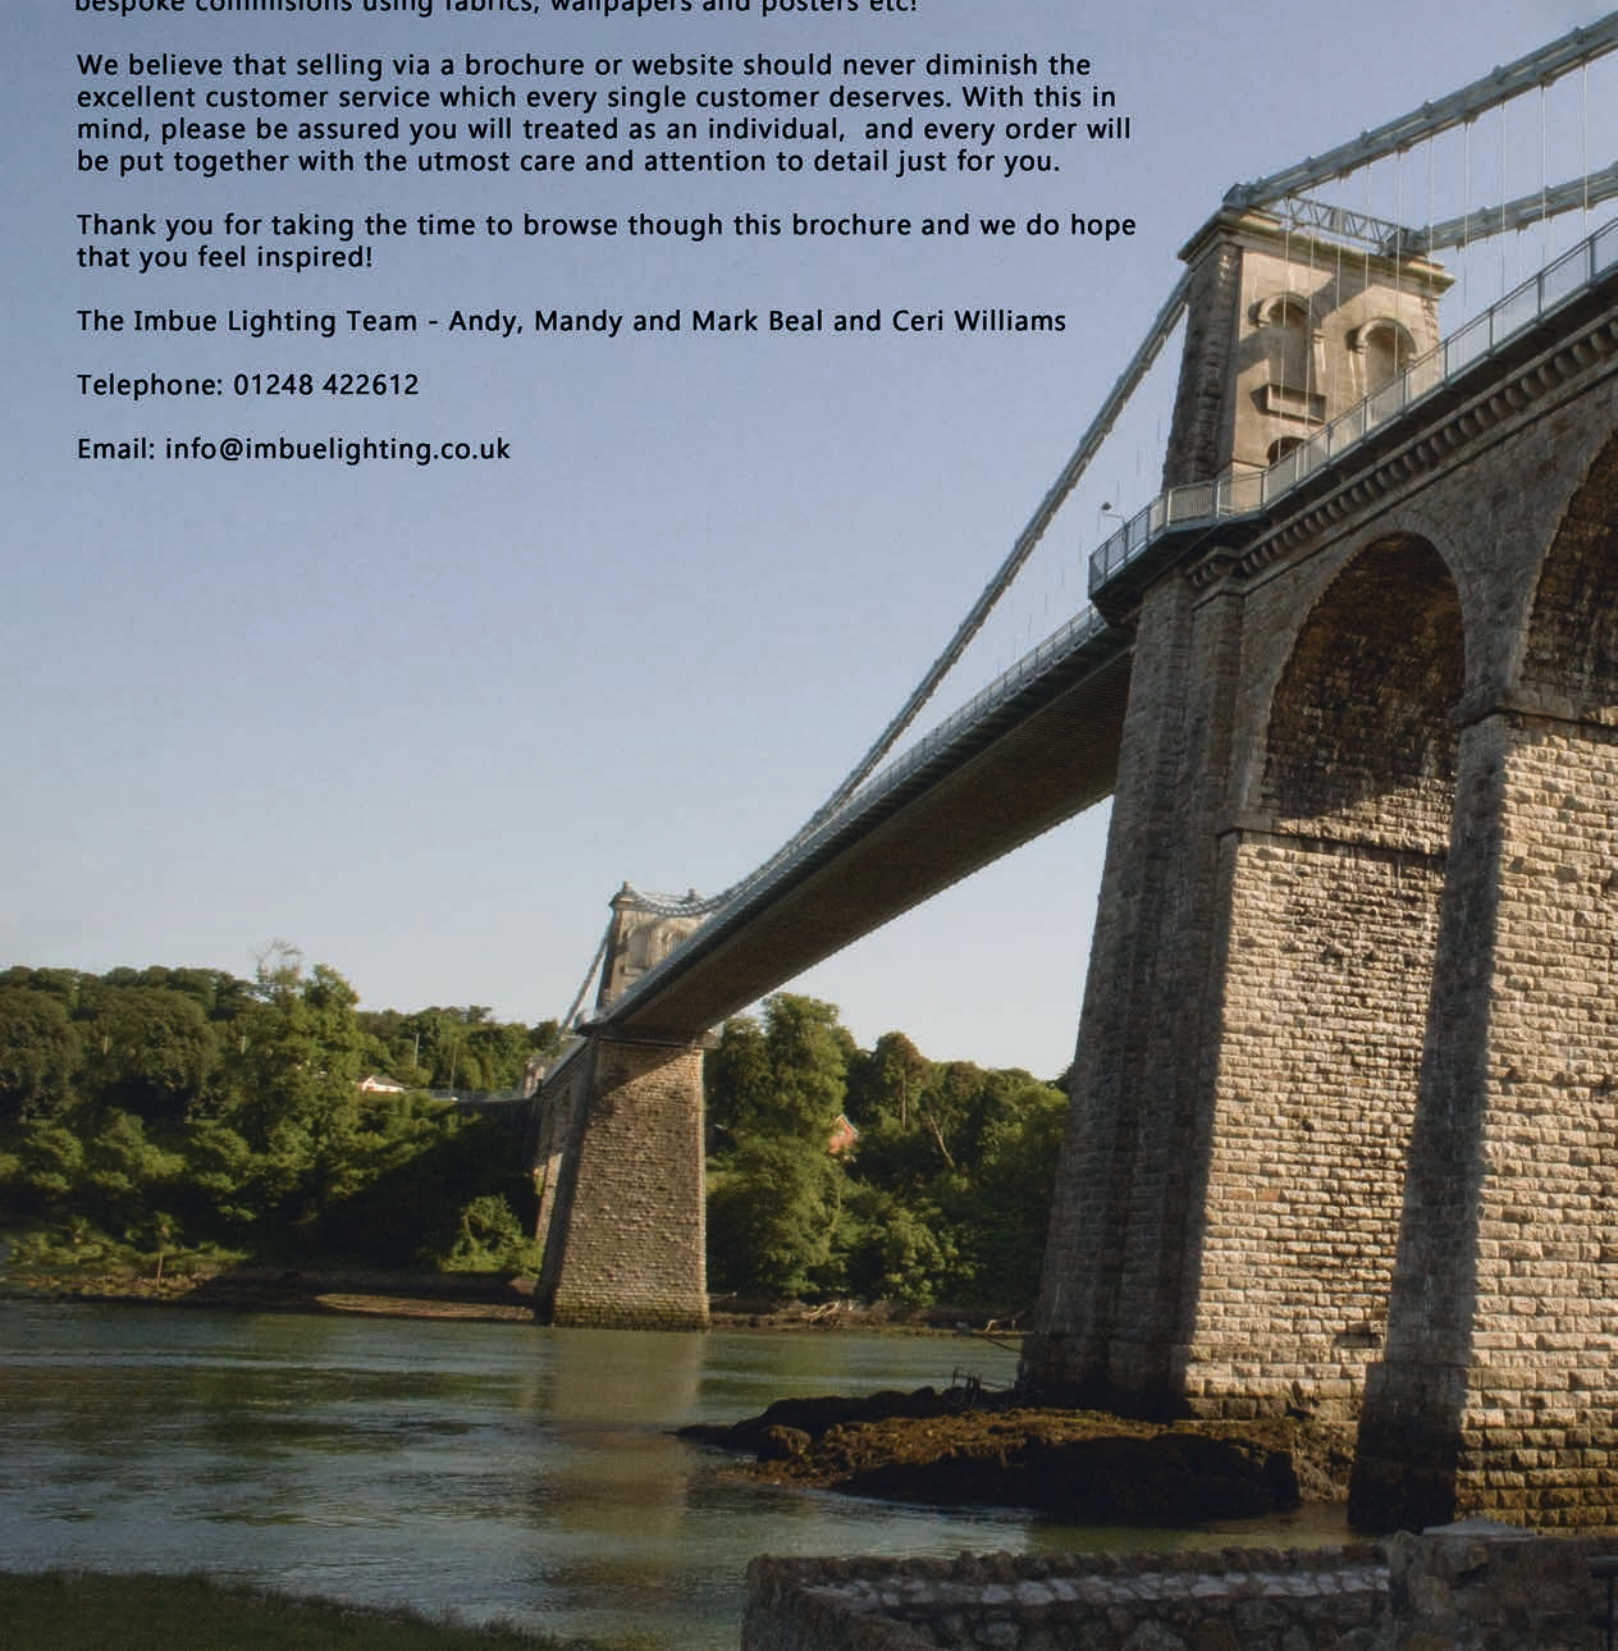

We believe that selling via a brochure or website should never diminish the excellent customer service which every single customer deserves. With this in mind, please be assured you will be treated as an individual, and every order will be put together with the utmost care and attention to detail just for you.

Thank you for taking the time to browse through this brochure and we do hope that you feel inspired!

The Imbue Lighting Team - Andy, Mandy and Mark Beal and Ceri Williams

Telephone: 01248 422612

Clip on Lamp Shades

This range of shades uses a frame which directly clips onto a candle bulb or golf ball bulb. These shades are often found on wall sconces and chandelier pendants. Bring your existing fitment to life by replacing your existing shades with our beautiful designs and colours!

Scan QR or go to:
<http://bit.ly/cliponshade>

Map Lamp Shades

<http://bit.ly/mapshades>

All of our map lamp shades are created using original maps. All map lamp shades 30cms tall or over are created using a lokta base shade with the map being wrapped around and laced. We can create lamp shades using your own maps - so please contact us to discuss.

Table Lamps

All of our Oak and Sapele wooden bases are handmade by Andy here at imbue lighting.

Our standard range as shown can be teamed with a wide variety of our shades to great effect, so you can mix and match to achieve the perfect look!

Resistance Dyed

P25 - Pink Fern

Scan QR or go to:
<http://bit.ly/imbucP25>

P26 - Brown Fern

Scan QR or go to:
<http://bit.ly/imbucP26>

P27 - Green Fern

Scan QR or go to:
<http://bit.ly/imbucP27>

The beautiful effect of ferns is created by leaves being placed onto the newly dyed lokta paper. During the drying process the sun's rays react with the natural chemicals in the leaves and imprint it onto the paper. This is called resistance dyed, and shades made using these papers will give off a subtle ambient light.

P32 - Marigold

Scan QR or go to:
<http://bit.ly/imbueP32>

P33 - Rose

Scan QR or go to:
<http://bit.ly/imbueP33>

P34 - Cornflower

Scan QR or go to:
<http://bit.ly/imbueP34>

Our petal papers are often called our prettiest! Each lokta sheet has Cornflower, Rose or Marigold petals embedded during the paper making process and shades made from these designs are as pretty when switched off as when they are lit!

Batik Multi Square

Scan QR or go to:
<http://bit.ly/imbueP1>

This stunning batik design is created by applying wax to our natural lokta. Once dried in the shade, each square is then hand dyed into the vibrant colours as shown.

Batik Peony

The stylish Peony flowers are random therefore this pattern can be especially effective on Drum and Conical lamp shades.

Scan QR or go to:
<http://bit.ly/imbueP9>

Garden Gold Screen Print

Once the beautiful natural lokta paper has been dried in the sun it is then Screen Printed in a Gold colour with this sophisticated and classy paisley effect design!
