

How to assemble your Floor Standing headboard

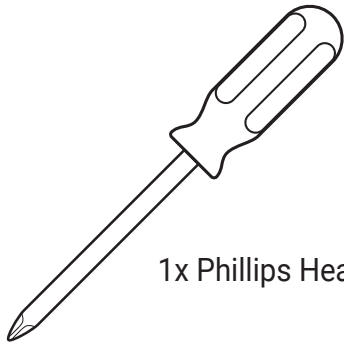

Thank you for purchasing our product!

Please read these instructions carefully.

The instructions are an integral part of the product. Please store them and the packaging carefully in case of need for return of the item. Please always include these instructions when passing this product on to another person.

THE PRODUCT MUST BE ASSEMBLED BY AN ADULT ONLY.

Tools & Parts Required

1x Phillips Head Screwdriver

4x Bed Bolts

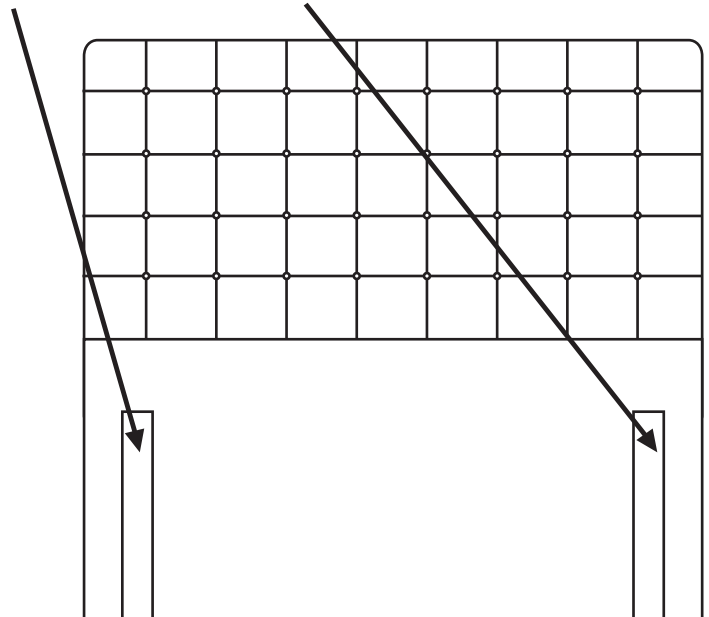

2 Person Assembly

Attaching the Headboard

- 1 Carefully Remove the packaging from the headboard
- 2 Remove The Bed Fittings If already attached behind the bed.
- 3 Align the headboard behind the bed so that the holes of the headboard match behind the bed. Feed the Bed bolts/fittings through the headboard in to the bed and tighten it till it is firmly screwed.

Please repeat step 3 for the other side.

- 4 Go over the Bed bolts on both the side to make sure both sides are firmly attached.

Bed Bolts/Fittings are NOT Included and can be purchased separately from our store.
