

Touch-Up Instructions for Hyper Grass Stencil Kit

Clean the area of the boat or motor you want to touch-up using a wire brush to remove the old paint and any rust or dirt. Clean any loose material using a shop towel and water if necessary. Make sure the area is free of dust or water before painting over it.

Hyper Grass Camo

1. Paint a base using the *Major Brown* spray paint
2. Paint large grass shadows using the Main Pattern Stencil and *Straw* spray paint
3. Paint a few widely spaced grass highlights using the Highlight Stencil and *Black* spray paint
4. Paint a few more widely spaced grass highlights using the Highlight stencil and *Hazel* spray paint
