

In 1990, a Navy SEAL was navigating a minefield when his pack failed. As his gear tumbled to the ground, he vowed if he made it out of there alive he would make gear the right way. Today, this obsession with quality applies to everything we do. We are constantly researching, refining and perfecting every detail to provide gear that will not let you down. Because we are not just making stuff. We are honoring a vow.

SERPA DUTY HOLSTER

BLACKHAWK!

SERPA® LEVEL 3 AUTO LOCK™ DUTY HOLSTER

Level 3 retention holsters have long been the standard for law enforcement duty use. Unfortunately many holsters that provide this level of protection are clumsy to operate and can prevent the officer from drawing his weapon rapidly under stress. The Level 3 SERPA Auto Lock holster uses your natural drawing motion to release the weapon.

- SERPA Auto Lock System provides a quick, natural draw with immediate security upon re-holstering to increase officer safety
- Once opened, the pivot guard can't close without the gun in holster
- Injection-molded carbon fiber composite construction provides incredible strength
- Extremely lightweight
- Natural grip release
- Thumb-activated pivot guard

SERPA® LEVEL 3 LIGHT BEARING AUTO LOCK™ DUTY HOLSTER

Looking for a Level 3 Duty SERPA holster that works with a pistol light? This holster gives you what you need along with the ease of use you are accustomed to having with the SERPA. Fits the BLACKHAWK! Xiphos NT Light. *Light not included.*

- Wear with a light, even on your duty belt
- Designed for fast draw speed and secure retention
- Extremely fast draw even under stress
- Immediate lock-in upon reholstering
- Fits the BLACKHAWK! Night-Ops® Xiphos™ NTX Weapon Mounted Light

EPOCH LEVEL 3 LIGHT BEARING DUTY HOLSTER

The new Epoch holster delivers three levels of weapon retention for our highest level of security. The patent-pending retention system engages the pistol's ejection port when holstered and won't let go until you release it. As an added safety measure, the Pivot Guard opens by thumb activation and is designed so it won't close accidentally, locking you out of the holster. This unique design accommodates the most popular under-barrel lights on the market today, giving you all the versatility you've come to expect from BLACKHAWK!

- Constructed of proprietary polymer carbon-fiber blend
- Passive retention detent screw
- Epoch Auto Lock thumb release (patent pending)
- Thumb-activated Pivot Guard and Ejection-Port Lock
- Fits popular lights (TLR-1, TLR-2, X300 and X400)
- Reinforces full master grip
- No snaps or hoods to accidentally open
- Includes Jacket Slot Duty Belt Loop
- Fits all BLACKHAWK! injection-molded platforms

NIGHT-OPS® XIPHOS™ NTX WEAPON MOUNTED LIGHT

Designed for one-hand activation, the BLACKHAWK! Xiphos LED weapon-mounted light features a patent-pending Cam-Clamp mount that allows the user to quickly install the light onto nearly any rail weapon mount without using any tools. The Cam-Clamp eliminates the need to slide the light down long rails and it installs in the desired location immediately.

- Duplicate ambidextrous operation of all programmed functions
- Intelligent circuit design eliminates afterglow
- Over two hours of total runtime
- No tools required for installation or battery removal
- Anti-reflective glass lens ensures maximum light output
- Incredibly lightweight design that won't change the feel of your weapon
- Corrosion-resistant black anodized aluminum with stainless steel with black oxide-finish metal
- Injection-molded carbon-fiber/polymer body
- High-impact LIFETIME LED that resists high G-forces from recoil and drops
- Modes of output: Momentary Switch, Constant On, Strobe, and Low Battery Indicator
- Water resistant up to 10 meters
- 90 Lumens
- (1) 3-Volt CR123A battery

ADVANCED TACTICAL ELBOW PADS V2

The Advanced Tactical Elbow Pads V2 from BLACKHAWK! are made of 600-denier nylon with a non-slip, flexible polyurethane cap. The closed-cell foam padding inside provides superior shock resistance and prevents moisture retention. The contoured interior ledge and hook & loop strap prevent slippage and help keep the pad in place.
