

H2O ATTACK

S-10

MODEL NO. 1006

The H2O Attack S-10 was created for the rigors of extrication and search & rescue missions that require the hands to be subjected to wet, cold and punishing environments. The glove has been tested for heat conductivity to **608°F (320°C)**, protecting hands from hot objects

FEATURES

- **Neoprene Polychloroprene** - Provides additional protection in extreme water and wind environmental conditions
- **Adjustable Velcro Cuff** - Prevents debris entry and ensures a snug fit
- **Flexible TPR (ThermoPlastic Rubber)** - Shields against impact injuries
- **Sonic-10 Grip** - has a 3D grip landscape with 10 unique zones to channel oil and water to optimize grip while wet or dry
- **SlashWeave™** - Engineered HPPE cut-resistant material
- **Hi-Vis Color & Reflective Striping** - Provides visual identifiers in low-light and emergency situations

USES

- Search & Rescue
- Extrication
- Heavy Construction
- Gas & Oil Drilling
- Tool Pushing
- Rigging
- Mining
