

DEEP II GRIP

PRO SERIES

MODEL NO. 3075

FEATURES KEYS & BENEFITS

Flexible TPR Shields: Full back-of-hand protection for back of fingers down to the fingertips, thumb, knuckles and metacarpals.

One-piece Palm: Adds durability and longevity

Kevlar® Double Stitching: Adds durability and longevity to palm

Reinforced Saddle: Adds longevity in high-wear area

Long-Cuff Design: Allows for "tear-away" ability with heavy machinery

Easy-Pull Tabs: Allows user to add name, and easily put

Working with oil, drilling mud and water in oil and gas production demands high dexterity gripping power, like the grip Deep II™ Grip provides.

An oil-resistant, one-piece Skid-X™ Grip palm adds gripping power on slick surfaces and is double stitched on with Kevlar® thread for added durability. A one-piece, 3D, flexible Thermoplastic Rubber (TPR) shield with elevated knuckles on the back of the glove adds impact protection that bends with the fingers, and offers continuous protection from finger tips to wrist. The neoprene long cuff covers the wrist, while allowing the user to pull out of the glove if caught in a pinch or machinery.

- OIL & GAS REFINING • EXTRACTION • FRACKING • MINING
- BARREL & DRUM HANDLER • BAT CHAIN PULLER • SEARCH & RESCUE
- HEAVY CONSTRUCTION • DEMOLITION • TOOL PUSHER • IRON WORKER
