

# DEEP GRIP®

MODEL NO. 3026

Deep Grip® gloves were designed to protect and add strong grip control for hands on hazardous work sites. Flexible impact shields add impact protection that bends with the fingers, and offers continuous protection from finger tips to wrist. The palm features an oil-resistant, one-piece palm that is double stitched on with Kevlar® thread for strong grip control and durability. The neoprene long cuff covers the wrist, while allowing the user to pull out of the glove if caught in a pinch or machinery.

## FEATURES

- **Pre-Curved Fingers** - Molded to fit the natural curve of your fingers at rest to fight against hand fatigue
- **Flexible TPR (Thermo Plastic Rubber)** - Shields against impact injuries
- **Skid-X Grip™** - Adds oil, water and petrochemical resistance and heightens grip control in wet, oily, or dry environments
- **One-Piece Palm with Kevlar® Stitching** - Adds abrasion resistance, durability and longevity in high-wear areas
- **Long-Cuff Design** - Adds protection, comfort and “tear-away” ability with heavy machinery
- **Curved Fingers** - Matches natural contour of hand to prevent fatigue injuries
- **Easy-Pull Tabs** - Allows user to add name and easily put on gloves

## USES

- Search & Rescue
- Extraction
- Heavy Construction
- Oil & Gas
- Bat Chain Pulling
- Fracking
- Demolition
- Mining
- Container Lashing

## TESTING & CERTIFICATION
