

Deep II™ Grip

MODEL NO. 3075

Working with oil, drilling mud and water in oil and gas production demands high dexterity gripping power, like the grip Deep II™ Grip provides. An oil-resistant, one-piece palm adds gripping power on slick surfaces. The palm is double stitched with Kevlar® thread for added durability. A one-piece, 3D, flexible shield with elevated knuckles adds impact protection that bends with the fingers, and offers continuous protection from finger tips to wrist. The neoprene long cuff covers the wrist, while allowing the user to pull out of the glove if caught in a pinch or machinery.

FEATURES

- **Flexible TPR (Thermo Plastic Rubber)** - Shields against impact injuries
- **One-Piece Palm with Kevlar™ Stitching** - Adds abrasion resistance, durability and longevity in high-wear areas
- **Long-Cuff Design** - Allows for “tear-away” ability with machinery
- **Easy-Pull Tabs** - Allows user to add name and easily put glove on

USES

- Search & Rescue
- Extrication
- Heavy Construction
- Gas & Oil Drilling
- Tool Pushing
- Rigging
- Mining
