

# TOW GRIP® SC

MODEL NO. 3094

Grip is important when working with wire rope, cables and chains, which is why the Tow Grip® SC has strategically placed grip pads to assist with grip control, while the exposed cotton surfaces allow for maximum breathability and dexterity. The Tow Grip® SC features an oil resistant palm with skid-proof patches, for added grip control along the rope channel of the palm, and double stitched with Kevlar® thread. Flexible impact shields on the back of the glove add impact protection that bends with the fingers, and offers continuous protection from finger tips to wrist. An adjustable shot cuff ensures a snug fit while in use.

## FEATURES

- **Pre-Curved Fingers** - Molded to fit the natural curve of your fingers at rest to fight against hand fatigue
- **Flexible TPR (Thermo Plastic Rubber)** - Shields against impact injuries
- **Skid-X Grip™** - Adds oil, water and petrochemical resistance and heightens grip control in wet, oily, or dry environments
- **One-Piece Palm with Kevlar™ Stitching** - Adds abrasion resistance, durability and longevity in high-wear areas
- **Adjustable Wrist Strap** - Ensures a snug fit while the glove is in use

## USES

- Search & Rescue
- Barrel & Drum Handling
- Bat Chain Pulling
- Gas & Oil Drilling
- Heavy Construction
- Tool Pushing
- Fracking
- Rigging
- Mining
