

DEEP IMPACT® DRIVER WINTER

MODEL NO. 5219

Goat-skin leather outer is bolstered with an invisible high density cut resistant base layer that guards wearers from cut and puncture injuries. The key thumb and ranch cuff feel familiar, but the addition of flexible impact protection reduces the severity of pinch and caught-between injuries. Protection from fingertips to knuckles effectively shields high areas of injury with segmentation that allows full range of motion. The curved Cestus finger seams reduce hand strain when jobs stretch on for hours.

FEATURES

- **Classic Ranch Cuff** - For easy donning
- **Membrane Liner** - Breathable waterproof barrier keeps hands dry
- **Flexible TPR (Thermo Plastic Rubber)** - Provides protection from fingertip to wrist
- **Supple Goatskin Leather** - Provides maximum dexterity
