

HANDMAX[®]

TRADE SERIES

MODEL NO. 6061

FEATURES KEYS & BENEFITS

Dual layer, anti slip grip adds water-resistant grip that has maximum dexterity

Covered index finger seam and saddle designed for the high wear areas for increased longevity

Form fitting material conforms to your hand in all direction increasing dexterity and comfort while reducing hand fatigue and increasing breathability

Adjustable wrist straps ensures glove fits snugly while in use

Terry cloth back of thumb soft, absorbent material for helping manage sweat

When working with small parts, slick surface and tools, having gloves with strong grip control and snug fit will reduce slip that causes abrasion and laceration injuries
