

HANDMAX®

MODEL NO. 6061

When working with small parts, slick surfaces or tools, having gloves with strong grip control and a snug fit will reduce grip slip that causes abrasion or laceration injuries. The HandMax® is a versatile glove that has a dual-layer, anti-slip grip for water-resistant grip control and maximum dexterity. Form-fitting, breathable spandex and the adjustable short cuff ensures the gloves fit snugly and comfortably.

FEATURES

- **Dual-Layer, One-Piece, Anti-Slip Grip** - Adds a waterproof grip for maximum dexterity
- **Reinforced Thumb and Index Finger Seam** - Anti-slip grip covers high-wear seams to increase durability
- **Form-Fitting Spandex** - Adds breathability and comfort
- **Adjustable Short Cuff** - Ensures a snug fit while the glove is in use
- **Terry Cloth Back on Thumb** - Absorbs moisture to keep hand dry or wipe brow
