

TC3

MODEL NO. 6121 **BLACK**

MODEL NO. 6129 **WHITE**

These ultra-thin gloves feature a Polyurethane-dipped palm on a High-Performance Polyethylene liner, which adds heightened dexterity along with cut and abrasion resistance. A non-coated back makes the gloves breathable and comfortable, while the snug-fit and elasticized cuff ensure the glove fits securely.

FEATURES

- **HPPE** - Adds cut, puncture, tear and abrasion resistance
- **Polyurethane-Dipped Palm** - Tactile dexterity and abrasion resistance
- **Nitrile-Dipped** - Ensures dexterity and durability
- **Form-fitting Construction & Elasticized Cuff** - Provides a snug fit
- **Non-Coated Back** - For breathability and comfort

USES

- Sheet Metal Assembly
- Mechanic
- Electrician
- Recycling
- Salvage
- Bottling
- Catering & Food
- Glass Art
