

FRANCK MULLER

GENEVE

INSTRUCTIONS FOR USE V 41 SC DT YACHTING

SECOND CENTRAL DATE

WARNING

Do not set the date when the time is between 9 pm and 12 am.
This is to avoid damaging the movement.

Setting the watch

IMPORTANT : Unwind the winding crown **1** before making any adjustments

1) Winding the watch :

Wind your watch by turning the crown **1** in position **2**.

2) Setting the date :

Wind the crown **1** to position **3** by turning the crown until the date displayed is one day prior to the date wanted. Pull the crown **1** to position **4** and make the date jump by turning the hands in a clock-wise direction. Now set the time wanted and wind the crown **1** to position **2**.

3) Setting the time :

With help of crown **1** in position **4**, turn the hands to the time wanted and push the crown **1** in position **2** once the adjustment is done.

IMPORTANT : Wind the crown **1** after the adjustments are finished.
