TROUBLESHOOTING

No.	Problem	Possible Cause	Solution
1	Sounds coming from the massage mechanism.	It is normal for sound to be made by the motors, or the massage rollers rubbing on the backrest area.	This is normal and there is no need for treatment.
2	The chair will not start or turn on.	The power cord is not plugged in.	Plug the power cord into the outlet again.
		The power switch is not turned on.	Turn on the switch.
		The fuse blew out.	Replace with a new fuse.
3	No sound from the speakers	The volume is turned to lowest.	Turn the volume up.
4	Backrest or legrest will not extend or retract.	Too much pressure is placed on backrest or legrest.	Reduce the pressure on backrest or legrest.
5	The seat or legrest airbag is not working.	Check whether there is an air tube blockage.	Clear the air tube.

If the massage chair is still operating abnormally after above measures have been taken, please contact Infinity Massage Chairs for repair and maintenance.

Note: Please read these instructions and precautions carefully. Infinity Massage Chairs will bear no responsibility to product damage or personal injury caused by improper use. Thanks for your cooperation.

▶ PRODUCT STORAGE AND MAINTENANCE

Maintenance

- ▶ Dampen a soft cloth in neutral detergent and wipe down the chair's back cover, hand rest, legrest, air tube and plastic components, then dry them with a dry cotton cloth.
- ▶ Use dry cloth to wipe the controller and power supply box.
- ▶ Dampen a soft cloth in a neutral detergent to wipe the back cushion and pillow, then wipe again with a wet cloth, and finally place them in a well-ventilated place for natural drying.

⚠ Caution

- ▶ Make sure to unplug the power cord before maintenance.
Do not handle the plug with wet or damp hands, in order to avoid electric shock. When cleaning the back cover, be cautious of detergent leaking into the power supply box.
- ▶ Do not iron the upholstery.

Storage Method

- ▶ Wipe off dust and dirt from the product after use. If the product is not to be used for a long period of time, cover the product with a dust cover (self provided).

⚠ Caution

- ▶ Do not store the product under direct sunlight or in places of high temperature. This may cause the color of the upholstery to fade.

Reminder

PREPARATION BEFORE USING

Legrest Operation

- ▶ To adjust the legrest, press or to extend or retract the legrest manually while it is static in order to get the best massage.

- ▶ Legrest can be extended or retracted automatically or manually according to different heights and seating positions because of the massage chair's body scan sensor.

WARNING

- ▶ Only use the chair as intended. Sit in the chair in a normal position.
- ▶ Before adjusting the angle between calf and backrest parts, make sure there are no obstacles around.
- ▶ Do not insert leg, foot or other body parts or objects into chair's gaps while the legrest extends or resets.
- ▶ Wait for the chair to reset completely before exiting.

After Using

- ▶ Turn off the chair and unplug the power cord from the outlet after use.
- ▶ Place the controller in the pocket.
- ▶ Turn off the chair and unplug the power cord from the outlet while it is not in use so that children cannot start the chair accidentally.
- ▶ Cover the chair if it will not be in use for a long time.

► PREPARATION BEFORE USING

Initial Massage Chair Setup

- Before setting up the massage chair, make sure it has plenty of clearance. Then use the controller to recline the chair backrest, raise the legrest, and fully extend the massage chair.
- Test all functions to ensure they are working normally, then power off the chair and return to its original position.
- To learn more about selecting a program, please refer to Controller Instructions and Display Screen Menu Instructions.

Before Sitting in the Chair

- Make sure the legrest is installed correctly.
- Make sure the chair is in its original position. If any part is not in the initial position, power on/off again to revert the whole chair back to its original position.

Caution

- Do not try to sit in the chair if the legrest is moving.
- Do not put any heavy load on the legrest when it is moving.

PREPARATION BEFORE USING

Moving the Massage Chair

- There are moving rollers at the bottom of the chair.
- Raise the back to the highest point.
- Turn off and unplug the chair.
- Lift the front part of the chair as shown below. One person should raise the front part by holding the moving handle, while another person holds the top of the chair from behind and pushes.

Caution

- Do not move the massage chair while it is in use.
- Do not use the armrest to move the chair. Only hold the moving handle in the back and front.

Turn On Power Supply

- Plug the power cord into three-prong grounded outlet.
- Turn on the chair by pressing the button at the lower part of the exterior of the right armrest.

Caution

- Before turning on the chair, make sure there is no damage to the power cord or other exposed wires.
- Make sure the power switch is turned off before plugging in the chair.

PREPARATION BEFORE USING

Position & Placement for Installation

Safe placement for the massage chair:

- Ensure there is adequate space for installing the chair.
Back: Minimum 4 in. from the wall and any objects or obstacles.
Front: Minimum 24 in. from any objects or obstacles.

Floor Protection

- Place the massage chair on a carpeted or other padded surface in order to avoid scratching or damaging the floor.

Surrounding Environment

Keep the massage chair away from moisture and damp places (e.g.: bathroom) to avoid electrical hazards.

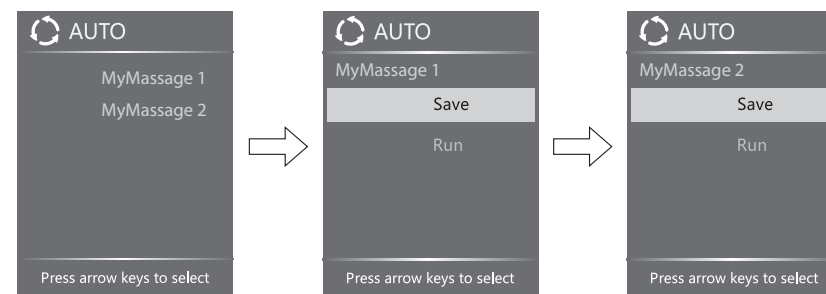

Keep the massage chair away from high temperature sources (e.g.: stove) to avoid fire hazards or damage to leather material.

Power Supply

Be sure to connect the massage chair to a three-prong grounded outlet.

PREPARATION BEFORE USING

Sports Refresh: This is designed to soothe muscles after sports activities and exercise. It can relax muscles and speed up recovery time after intense exercise by promoting circulation.

Extension: This program is inspired by Thai massage. The strong kneading and stretching functions effectively decompresses the entire body. This program is the best choice to relax tired muscles and increase physical vigor.

Rest & Sleep: This mild massage is great for your lunch break or before sleeping. It kneads the entire body with heavy and light intensity massage to relieve tired muscles gradually.

Working Relief: This is a great program for people who work at a desk or travel a lot. It performs a strong massage to ease muscles and recuperate the body.

Neck & Shoulder: This program relieves neck and shoulder pain, as 80% of the massage time focuses on the neck and shoulders. The curved design of the chair backrest allows the massage rollers to completely touch the shoulder and neck. This function effectively relieves fatigue in these areas.

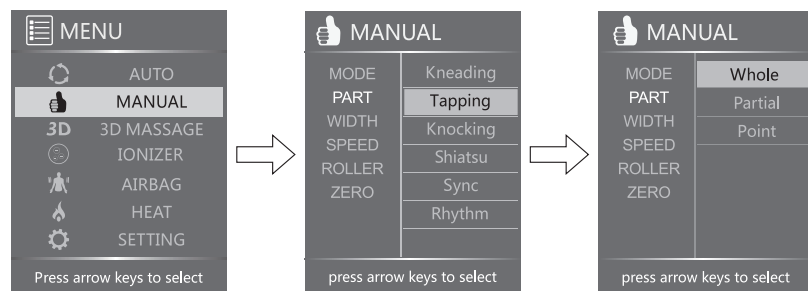

Waist & Spine: To relieve the pain of the lower back, 80% of this massage focuses on the lumbar vertebra and the rollers will conduct targeted massage to relieve tension in this area.

MyMassage: To save customized messages, simply choose your settings under the MANUAL menu, and then run the massage. Next, under the AUTO menu, scroll down and select either MyMessage 1 or MyMessage 2. Here, you have the option to Save the current manual message, or Run a saved custom message.

NAME AND FUNCTION OF EACH COMPONENT

2. In your device Settings, open Bluetooth and connect it to the massage chair. Please note: Only Apple equipment compatible with Bluetooth 4.0 can connect to the chair's Bluetooth.

Bluetooth-enabled Audio Devices

- This product has Bluetooth compatibility to connect with audio devices. Open Bluetooth from audio devices and pair with EVOLUTION to play music.

Android System Software

- Download the Android app from the Infinity Massage Chairs Google Play store.
- Install EVOLUTION APK, then press Settings button on your computer or Android device > press Wireless and Web Settings > Bluetooth > Scan Bluetooth device > EVOLUTION, then pair.
- Start the APK, press Settings menu > Bluetooth > and pair with the EVOLUTION to link to the APK.

Caution

- When connecting your Bluetooth-enabled device, please make sure the chair is turned on, otherwise it will not find the chair.

Equipment Requirements

- Smart PC or mobile devices with Bluetooth capability
- Android System V2.2 or later

FUNCTIONS AND FEATURES

1: SPACE-SAVING FUNCTION

The Evolution massage chair has the ability to move forward before performing a massage. This allows it to be placed closer to the wall than a standard massage chair. Keep this in mind when positioning the chair.

2: ZERO GRAVITY

Zero gravity creates a completely relaxing, naturally comfortable massage position. This design places the back, buttocks, and legs in the same angle that astronauts experience in space. Zero gravity provides a sense of weightlessness and promotes circulation and a steady heart rate.

3: 3D MESSAGE MECHANISM

New design of 3D mechanism and movement allow all users to adjust their massage intensity.

4: AUTO/MANUAL LEGREST EXTENSION

Legrest can extend 3 in. to accommodate different heights in both Auto and Manual Modes.

5: AIRBAG MASSAGE

Airbags are located throughout the chair in order to massage the arms, back, waist, shoulders, buttocks, legs, and feet.

6: FOOT MESSAGE ROLLERS

Three massage rollers in each foot unit conduct an all-around shiatsu massage on the sole.

7: DIVERSIFIED MESSAGE TECHNIQUES

Massage techniques include: knocking, kneading, tapping, kneading/knocking combination, shiatsu, and kneading on the leg, which imitates a professional massage therapist.

8: BLUETOOTH AUDIO

The massage chair includes Bluetooth compatibility. Easily play music by connecting your Android or Apple device.

9: L-SHAPED MESSAGE TRACK

The Evolution's L-shaped roller track pushes the quad rollers from head to thighs, ensuring that you receive an encompassing spa-quality massage.
