Mayor Chris Armstrong,
Municipality of Whitestone
21 Church Street
Dunchurch, Ontario POA 1G0

Dear Mayor Armstrong,

We are reaching out to area municipalities in hopes of convening interested parties during the design phase of the new Junior Kindergarten to Grade 12 school to explore the unique opportunity to build a swimming pool in the Town of Parry Sound.

Although the Near North District School Board is not in a position to purchase land or participate in the construction of the complex, the construction of a swimming pool and its location could inform the design of the new school.

On June 28, 2017, Parry Sound High School was chosen as the site on which to build a school and a new child care facility. Pre-construction investigations are underway at the site including a geotechnical investigation, a traffic study and a designated substance survey. The Board hopes to be able to select an architect this Spring.

As such, there would be a window between now and June 2018 for interested parties to determine if the construction of a swimming pool is viable.

Should your municipality be interested in engaging in discussions, please indicate your interest to participate by January 31, 2018. We will host a meeting for interested parties shortly thereafter.

Please feel free to reach out to either of us with any questions. We look forward to hearing from you.

Sincerely,

Jim Beatty,
JK-12 Building Committee Chair
