Connection - to the house

Direct	About 40% of the time direct connection can be used, which uses less parts and is faster to install.
Via Brackets	However if your house is too low at the soffit area, then bracket connection may be required/best.

Building Consents - or Permits The prices underlined indicate shelters over 20m2 requiring a building consent (permit), but ask your agent about "adjacent shelters" as this may be an option for you ...

Terms & Conditions

This pricelist assumes a simple rectangular shelter in Matt: Ironsand/Titania/Greyfriars/Black/Appliance White, 2 posts, to a good site with excellent access. Extra charges apply for extra brackets or posts, custom colours (68 available), the South Island (\$300), LED lights, downpipes, flashings if required, blinds, cutting cobbles/tiles, custom trimming/shape/sizing, and any permit related work/application.
Your agent can lock in a fixed quote for you of course!
