XHOVER-1 S-200 — Quick Start Guide

CHARGING INSTRUCTIONS

- Turn the S-200 off. Open the charging port and insert the included micro USB cable, Connect the standard USB cable to a USB port
- While charging, a red indicator light will appear. A full charge takes about 2 hours
- When the battery is fully charged, the indicator light will turn green.

Charge Port

MOUNT LIGHT TO HELMET

- Attach one side of the provided double-sided adhesive to the mount
- Place the mount on the rear of your helmet and press firmly
- Slide the safety light into the mount

MOUNT REMOTE TO HANDLEBAR

- Wrap the mount around your handlebar and tighten it until it's secure
- Place your remote into the mount

MOUNT LIGHT TO BIKE

- Place the mount around a bar on your bike frame
- Use the provided screw and nut to tighten the mount until it is secure
- Slide the safety light into place

BATTERY CHANGE

- Remove the remote from the rubber mount. • Locate the battery cover on the back of the remote and use a coin to twist it clockwise to the "OPEN" position.
- Remove the cover and replace the battery.
- Replace the cover and use a coin to twist it counter-clockwise to close it.
