

DUPLICATION TESTIMONIALS!

By the way, congrats to John Lester for once more proving why this is the best organization in the history of marketing. This keeps getting so facilitated that success now seems like just following the steps.
John McMenemy

You give us the tools and we use them. Thanks for your hardwork.
You da man. Brian Clark. Atlanta, GA

John, I just wanted to tell you how impressed I am with how you have created such a great network of people all working together to create such an exciting marketing thrust. I personally have been involved in direct response marketing for many years. I currently am involved in several network marketing programs. I have made my living since November 95 in network marketing and I love it. But I have been looking for teams to get involved with and it looks like you and your group is exactly what I'm looking for. I have a number of people who will be coming in...soon. Every one I tell about your support and marketing direction gets excited. With the kind of approach you have it's so easy to get others excited about the prospect of creating a TURNKEY operation when they know that there's so much support online. Looking Forward to working with you! Darryl Bouchard

John, I am truly impressed with the simplicity of both the marketing and distribution system you have assembled. A little about myself: Dave Carleton, age 43, retired electronics engineer from the Navy (21 yrs). I am...working on better internet marketing methods. I also currently work for a defense contractor writing some MS-Access programs to assist the maintenance command here in management of their work packages, and am writing this Email from the job-site in SASEBO, JAPAN. I look forward to a long and prosperous association.....Dave

John, That was really great news! Thanks! I'll just keep my eye out for the checks so I can put them in the bank! My wife Angela is going to be helping me alot as I start a new job Monday. I'm also excited...I signed up two people my first day...WOW THIS SYSTEM REALLY WORKS! You are a true leader and I genuinely appreciate all the help and direction you give us. Talk to you soon! Brian & Angela Clark

Thanks for knowing just what I wanted and needed to round out and simplify my internet marketing strategies. Leona Crain

John, I may be new to computers but I am not new to direct marketing. I hope everyone truly understands the value of your message and info. You have done all the work to refine a process and freely shared it with us all. Nicers continue to prove what an absolute elite group they are. Try and find this kind of support anywhere else. It can't be found. I personally thank you John for sharing that most valuable info to us all and may I say in the words from a great advertising campaign, " I love you, man"! I am on my way to follow your lead. Thanks again. Tom Nicoli

Thanks for what you've done here. They say you can tell a man by his created deeds, well your system here is speaking volumes (with good stuff) about you and your project...Jay Orleans

Hi Everyone! I just wanted to post a note and say THANK YOU for the big welcome I received from many members. I have only been here for a couple of days, and received quite a few notes. I hope to be a contributing member to this group, and hopefully will be able to follow the outline for success that seems to be very SOLID. I have been researching many biz-ops for the past two years on-line, and I can honestly say that this one gives me good vibes. I have yet to see a more comprehensive set of Internet marketing tools available to all members. John Mota

HEY John Lester, THANK YOU FOR THIS INCREDIBLE SYSTEM! Yvonne Garcia

I know from the old days you are a guru at well written sales letters. Keith Bacor

John, This whole package is truly awe inspiring to witness....the process is a thing of beauty! The FAQs at the gemsoc is another example of an outstanding contribution coming from a group of people pulling in a unified and positive direction. Thanks for all that you do! Richard Hickey

John great guns. I just keep sending them out and you keep realing them in. this is terrific. Thank you. Mark Ekwalls

What we have before us is a chance for greatness. As John Lester has stated we are riding the wave of 5 MEGATRENDS. By taking advantage of our position, AND using the skills and techniques of the NICER teachings, anyone, regardless of where they are at this moment can accomplish whatever it is they wish. MANY of those on this list server are doing just that. Those that wish to be successful will LEARN from those that have come before them. Jeff Lehman

John, I was recalling my comment that I read everything written by John Lester. If I have the time I read theirs too. But I was reminded of Kevin Costner's movie "Field of Dreams" when he heard the whisper "build it and they will come". He built it and they came. That is what you have done with Nicers! And you keep building it and they keep coming. Making it better and stronger while they keep coming. You continue writing it and they continue coming, as I do, to read it. As Billy Crystal says "Mahvulus Dawling, just Mahvulus". Doug Olsen

John, I really appreciate your efforts and SUPER support I try the same with my "STMS" system for my group. It's so amazing that more people don't take responsibility for building their biz and making sure THEIR people know what to do. It's funny. So many people in my group say to me "keep up the great support" and it sometimes crosses my mind "why not YOU TOO for your people?" "What are YOU doing for your people?" I just find their thinking kind of odd that they sometimes seem to expect more from their upline than they're willing to do themselves. I'm not that way. I respect the EXTRA miles you go in your support and definitely never EXPECT it. I appreciate it each

day and don't take it for granted. Yours for support, Wayne Gerald,
President, Success Teams Marketing
