

Favourite Channels merging app.

TV viewers in Ireland benefit from the availability of 100's of Free to Air TV Channels via Aerial (Saorview) & via Satellite Dish (UK & International Free to Air).

If you have tuned* in channels on your new TV using an aerial and satellite dish there will be hundreds of channels now at your fingertips available to view.

In most cases viewers will only want a specific list of channels that they watch frequently. The grouping of these channels in one location is now possible for easy access and channel hopping.

Your Walton Google Android TV offers an application called LIVE CHANNELS. Installing the LIVE CHANNELS app from the Google Play Store will allow the merging of all your favourite channels received from your Aerial and Satellite dish.

Instructions –

Step 1

Follow your user manual instructions and tune in your aerial & satellite channels.

Step 2

Once your TV is connected to the internet download the LIVE CHANNELS application from the Google Play Store.

Go to Google Play Store → Find more Apps → App Categories → Video Players & Editors → Entertainment → Click Live Channel App and install

Step 3

Follow app onscreen instructions to pick your favourite channels.

*Aerial and satellite Tuning instructions are available in the User Manual.
