

Protector Care Instructions

1. All of our mattress and pillow protectors are machine washable in cold or warm water. Avoid high heat and use only natural detergents. No bleach or fabric softeners should be used on any of our products.
2. The washable wool protector should be washed on delicate cycle to avoid excessive friction & agitation. Dry flat in the sun or on low heat in a large dryer.
3. Protectors should be replaced every 3 years.

If you have any questions, email orders@suitesleep.com or call us at 303.449.4135.

Warranty: 3 Years against defects.
