

# GUARDAIR®

## Put a Lid on it.

Chip Collector Lid  
Part Number: CC250

Maintain a clean shop environment with the Guardair Chip Collector Lid. Captures metal chips and airborne oils generated when cleaning newly machined parts with compressed air. Wide opening with adjustable, clear-view shield provides for safe inspection of parts while cleaning. Chips and oils deflect into barrel below for easy disposal. Includes dual, removable parts bins, and hanging hooks for your favorite safety air gun or tools. Compatible with any 55 gallon drum or 44 & 55 gallon trash barrel.

### Key Features

- Chemical resistant, lightweight polyethylene body
- Wide (11" x 15") opening with adjustable, clear-view shield
- Fits standard 55 gallon drum or 44 & 55 gallon trash barrels
- Dual, removable parts bins
- Front drip tray
- Top storage tray
