

GET YOUR **FREE** LIMITED EDITION "DEEP SLEEP IN THE DIGITAL AGE" EBOOK

Seven essential strategies to sleep your way to a better body, better health and bigger success.

Start feeling more energetic, improve your health, and start achieving what you want in life.

## ACCESSORIES & MORE

### Replacement Foam Gasket

Reduce the amount of light that can penetrate the eye by choosing from one of three gasket styles.

Choose from 4mm or 8mm flat or ridged padding.

### Kids Protection

Protect your child against the effects of too much screen time and help them to wind down and relax at night. Non-prescription, child-proof, bendable frames.

### SafetyBlue™ Safety Pouch

Rugged glasses pouch with anti-scratch lining to keep your eyewear safe while on the go.

### SafetyBlue™ Safety Strap

Durable neck cord with universal fit\* to keep glasses in reach and away from harm.

\* Not compatible with fit-over style glasses

# NIGHTTIME EYE PROTECTION

Enhance your body's melatonin production to help you unwind

## Sleep Savior™ Deluxe (Red)

Our most snug and light protecting style, designed to stop light from leaking through the edges of the frame.

## Sleep Savior™ Fit-Over (Padded)

To be worn over your prescription glasses. Padded for extra comfort.

## Sleep Savior™ Sport II

Featuring a sporty design that is light and comfortable.

## Sleep Savior® Amber Lightweight

These large amber glasses shield against irritating light intrusions and the arms can be made longer or shorter to fit you uniquely.

## Sleep Savior® Deluxe (Amber)

This lens offers comprehensive light protection with more visibility than our red lens.

## Sleep Savior™ Deluxe (Orange)

A hybrid between our red and yellow lenses, the orange lens offers both day and night protection in one.

## Sleep Savior™ Fit-Over (Padded)

To be worn over your prescription glasses. Padded for extra comfort.

## Starlight Mini

Gently red light your way by suctioning anywhere you need extra light, i.e. bedrooms, bathrooms, mirrors, etc. For indoor and outdoor use, clip on to both sides of eyeglasses, books, clipboard, etc. Swivel to adjust the light in any direction. Batteries Included.
