

## ROD WARRANTY CLAIM FORM

Please fill out this form completely and legibly. Include a copy of your proof of purchase (invoice or receipt) and include both this form and receipt copy with the returned rod. We need to inspect the rod to confirm it should be replaced under warranty.

If it makes the rod return easier, you can cut the rod up to two times to reduce the overall length. Please wrap some tape around the broken ends so it is clear where the rod broke. Please keep in mind that if for some reason we deem this NOT to be a warranty claim, it most likely will not be possible to get the rod repaired either, once it has been cut.
