

Brass & Nickel Care Brightwork Collection

CARE & MAINTENANCE

- Before initial use, seal the finish with a superior quality carnauba paste wax (*repeat every 6 months to protect the living finish*).
- Wash gently daily with a small amount of soap and a soft damp cloth. Use a mild soap, free of anti-bacterial properties that may contain bleach (*e.g. The original Dawn®*).
- Rinse thoroughly and hand dry (*never use steel wool or scouring pad or sponge to clean the surface*).
- * The use of any cleaners or disinfectants other than mild soap and water will void the warranty. Also, personal care and everyday use products (*e.g. face cleansers, toothpaste, male grooming products, wine, fruit acid, and ketchup*) can and will alter the finish voiding the warranty.
