30" Rear Control Electric Range with Total Convection

The Frigidaire Gallery 30" Rear Control Electric Range features our most powerful and advanced convection system, Total Convection, enabling so many cooking modes like No Preheat, Air Fry, Slow Cook, Steam Bake, Steam Roast, Air Sous Vide, Convection Roast, Convection Bake and more! The flexible five element cooktop includes a powerful 3,200 Watt EvenTemp™ element and a convenient bridge element - designed to handle all of your cooking needs. Also includes our fingerprint resistant, Smudge-Proof® Stainless Steel finish.

Available Colors: Stainless Steel

Version: 10/23

Consumer Benefits

Our most advanced and powerful convection system, Total Convection

Total Convection gives you maximum versatility in the kitchen, powering cooking modes like Air Fry, No Preheat, Slow Cook, Convection Bake, Steam Bake, Convection Roast, Steam Roast, Air Sous Vide and more!

Start baking immediately with No Preheat

Eliminates time wasted waiting on your oven to heat up - simply place your food in the cold oven and get to meal time, in no time.

No Preheat is best used for single-rack baking of frozen or pre-made items and food that needs to cook for longer than 10 minutes.

Deliver all of the flavor and none of the guilt with Air Fry

Air Fry allows you to make healthier and delicious meals for the entire family, right in your oven.

Flexible Five Element Cooktop

This cooktop has five elements designed to handle all of your cooking needs, including our powerful 3,200 Watt EvenTemp™ element and convenient bridge element.

Experience a hassle-free way to cook with Slow Cook

With Slow Cook, your food cooks slowly and at a lower temperature (as low as 100° F), allowing you to lock in moisture and flavor without over or undercooking your food.

Take the guesswork out of cooking with the Temperature Probe

The Temperature Probe monitors and alerts when the desired finished cooking temperature has been reached.
