

Orange Garden Bird Feeder

You will need:

- Orange - cut in half
- Lard or peanut butter
- Bird seed
- Ribbon or string

How to make:

- Mix lard or peanut butter together with birdseed until you've created a smooth paste.
- Cut an orange in half, then remove the flesh using an ice-cream scoop.
- Thread a length of string or wool through the orange skin to make two hanging loops.
- Fill with you bird seed mixture.
- Hang in the branch of a tree and see who comes to visit.
