

Saucemoto® User Guide

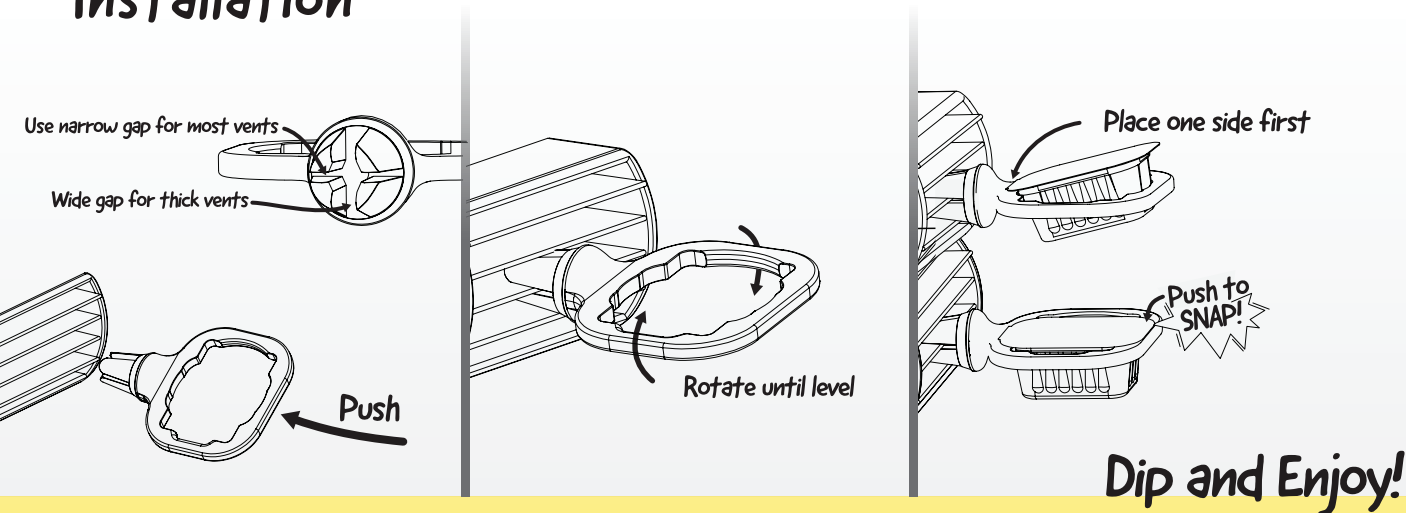

⚠ Dip Responsibly. Don't dunk & drive!

Warning:

Saucemoto® is intended for use in stationary vehicles and passenger use only. Saucemoto® is not safe for use by driver or while vehicle is in motion. **DO NOT USE WHILE DRIVING!** Milkmen Design, LLC is not responsible for misuse or use while driving, as the product is absolutely **NOT SAFE** for use while driving. Please make sure condiments are securely placed while vehicle is stopped and prior to vehicle motion. Saucemoto® is not safe for any use other than the intended use. Any use other than the intended use is at the user's peril.

If your saucemoto experience is less than stellar we want to make it better. Contact us at: support@milkmen.design

Installation

Sauce Fitment

***Remove white sauce cup (ramekin) before inserting sauce containers.**

Saucemoto® fits most, but not all, condiment packets or containers. Milkmen Design, LLC does not warrant or guarantee Saucemoto® to be fit for use with any particular condiment packet or container. Use of the included ramekin may be required for various condiment types if the packets or containers are not compatible with Saucemoto®. Condiment packets are subject to change.

Small sauces fit in portrait mode.

Larger sauces fit in landscape mode.

Large ketchup fits in landscape mode.

Use the ramekin for ketchup pouches or any other sauces you want!

Examples:

McDonald's, BK, Wendy's

Chick-fil-A

Heinz Dip & Squeeze

Everything else!
