

## LOOP PLANTER.

Our Loop Planter is a vertical garden screening device for interior and covered outdoor use.

Consisting of a series of vertical lines looped over to create a highly sculptural three dimension trellis for training indoor creeping plants.

Our Loop Planter is a modular product, designed to create an even spacing of vertical wires when multiple units are placed side by side for a seamless appearance.

Available in gold zinc, black or white powder coat with a choice of texture black or white base. Custom colours available from the Dulux powder coat colour palette at no extra cost, with a choice of texture white or black base.
