

TRIBECA PLANTER.

Tribeca is vertical trellis planter with a beautiful oversized laser cut mesh pattern.

Perfect for privacy screening or space division in offices, meeting rooms, break out spaces and covered outdoor environments, Tribeca is made from aluminium with a texture powder coated finish available in a range of colours.

Tribeca rests on concealed castors for ease of movement and comes with a 330mm sealed flower bucket suspended in a fixed mulch plate suitable for most proprietary sub-irrigation systems.
