IFRA STATEMENT

According to our current knowledge and to our suppliers' declarations, we hereby certify that the product **NATICIDE**

(INCi: Parfum)

is restricted by the Standards of the International Fragrance Association (IFRA, 48th Amendment published on June 2015), provided it is used at the following maximum concentration levels in the finished product*:

IFRA Category	Maximum concentration level {%)
Category 1	28%
(Lip Products)	
Category 2	28%
(Deodorants/Antiperspirants)	
Category 3A, 38, 3C, 3D (Hydroalcoholics for Shaved Skin/Baby Creams, Lotions, Oils)	71%
Category 4A, 48, 4C, 4D (Hydroalcoholics for Unshaved Skin)	71%
Category 5 (Hand Cream/Baby Powder and Talc)	71%
Category 6 (Mouthwash)	100%
Category 7A, 7B {Intimate Wipes/Baby Wipes)	57%
Category 8A, 8B (Hair Styling Aids)	71%
Category 9A, 98, 9C (Rinse-off Hair Conditioners/Shampoos of all types (including baby shampoos)/ Body Washes of all types (including baby washes)	71%
Category IOA, IOB (Hard Surface Cleaners)	71%
Category 11 (Candles)	100%

*The concentration of the fragrance ingredient should not exceed the usual concentration of the fragrance compound in the finished product. For further details, please refer to the suggested dosage in technical data sheet.

For other kinds of application or use at higher concentration levels, a new evaluation may be needed.

The IFRA Standards are based on safety assessments by the Panel of Experts of the RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM).

GMO Statement

PRODUCT NAME: Naticide

Naturally Balmy LTD can confirm that the above listed product is GMOFree.

06/03/2019

EUROPEAN PRODUCT SAFETY SHEET

Regulation n°1907/2006/EC ; n°453/2010/CE

NATICIDE[®]

SS2001100005 Rev. UK-6 X/2012

Use: raw material for cosmetics

1. PRODUCT AND COMPANY IDENTIFICATION

1.1 TRADE NAME : NATICIDE

- 1.2 Chemical description of the substance or formula : Vegetable origin fragrance, obtained with particular and reserved procedure 1.3 Use of the substance or formula: raw material for cosmetics
- 1.4 Supplier Naturally Balmy Ltd, 8 Benson Road, Nuffield Industrial Estate, Poole BH17 0GB Tel: 01202 567046 |
- Email: sales@naturallybalmy.co.uk
- 1.5 Emergency calls Tel. 01202 567046

2. HAZARDS

2.1 If correctly handled, it is a not hazardous to humans or to the environment substance 2.2 Excluded from all EEC hazard categories, and requires no special labeling

3. COMPOSITION AND INGREDIENT INFORMATION

3.1	Chemical nature:	Microbial growth inhibitor	
3.2	CAS number:		
3.3	EINECS number:		
3.4	INCI name (UE):	Parfum	
3.5	INCI name (USA):	Fragrance	

4. FIRST AID

4.1 This is a non-toxic substance for which no special first aid measures are indicated.

- 4.2 In case of contact with eyes, flush with plenty of water for 15 minutes.
- 4.3 In case of ingestion, seek medical advice.

5. FIRE-FIGHTING MEASURES

Normal extinguishing agents: 5.1 Sand 5.2 Carbon dioxide 5.3 Foam 5.4 Sprinklers

6. ACCIDENTAL LEAKAGE MEASURES

6.1 Collect with absorbent material (sawdust or sand) and dispose of as required by law

7. STORAGE AND HANDLING

It is not requested any particular device 7.1 Handling:

7.2 Storage:

7.3 Type of container: Normal personal protection devices: gloves, safety glasses In well sealed containers, in a cool, dark place Dark polyethylene containers

8. EXPOSURE CONTROL AND PERSONAL PROTECTION

8.1 Non-hazardous substance, see no. 4 and no 7 above.

9. PHYSICAL AND CHEMICAL PROPERTIES

9.1 9.2 9.3 9.4 9.5	Color and appearance: Odor: pH : Flash point: Solubility: Water solubility: Oil solubility:	clear liquid, from colourless to amber yellow pleasant odor of Almond and Vanilla >100°C up to 0.6%; complete in glycols and alcohol Low
9.6	Refractive Index:	1.491 – 1.516

10. STABILITY AND REACTIVITY

10.1 The substance is stable and poses no threat of hazardous reaction under the storage conditions specified at no. 7 above.

11. TOXICOLOGICAL INFORMATION

11.1 Toxicity (acute oral):

11.2 Skin irritation: Eye irritation: 11.3

Skin sensitization: 11.4

> 2000 mg/kg Not irritating Not irritating Not irritating

12. ENVIRONMENTAL IMPACT

12.1 Environmentally innocuous

13. DISPOSAL

13.1 The instructions given at no. 6 above ensure safe disposal.

14. TRANSPORTATION

14.1 Road - rail - sea - air The substance is not subject to any specific national or international transport regulations 14.2

15. REGULATORY INFORMATIONS

15.1 It is a non-hazardous substance and thus requires no special labeling.

15.2 According to European directive 67/548/EEC 27.06.1967 and 99/45/CE and further modifications and Italian Law (Legislative Decree n° 52/97 of 03. 02.1997 (G.U. n° 58 of 11.03.1997) and further modifications: none of criteria (explosive, combustible, highly flammable, inflammable, very toxic, harmful, corrosive, irritant, sensitizing, carcerogeneous, harmful to reproduction, teratogeneous, harmful to the environment) is to be applied to any of the substances composing the compound.

15.3 Different regulatory: According to European directive 76/768/EEC 27.07.1976 and 99/45/CE and further modifications and Italian Law no. 713/86 of 10 October 1986and Legislative Decree n°126/97 of 24.04.1997 and further modifications No limits on use

16. OTHER INFORMATION

NATICIDE is a vegetable derived substance with emollient, moisturizing and soothing action. for cosmetic use 16.1 In accordance to EU directive 67/548 and n°Re gulation n° 453/2010/CE, none of criteria (explosi ve, combustible, highly flammable, inflammable, very toxic, harmful, corrosive, irritant, sensitizing, carcerogeneous, harmful to reproduction, teratogeneous, harmful to the environment) is to be applied to any of the substances composing the compound 16.2 Compatible with all the substances normally used in cosmetics

NATICIDE[®]

a registered trademark of Sinerga

Microbial growth inhibitor

Chemical Nature	Vegetable origin Fragrance, obtained with particular and reserved procedure. Components are standardized and tritated. Formulated according to IFRA recommendations		
INCI name (UE)	Parfum - Profumo		
INCI name (USA)	Fragrance		
Physical-chemical data	Appearance: Colour: Odour: Solubility : Refraxion Index:	clear liquid from colourless to amber yellow pleasant odour of Almond and Vanilla dispersible in water up to 0.6%;complete in glycole and alcohol 1.491 – 1.516	
Antimicrobic Activity (MIC)	Broad spectrum of activity against Bacteria Gram+ e Gram-, moulds and yeasts.		
Application	Preservative-free creams and detergents		
Stability	Stable in normal conditions of storage		
Suggested dosage	From 0.3% to 1% depending to the type of formulations Naticide [®] works better between a range of pH 4 and 9. In order to obtain a complete dispersion, add Naticide under vigourous stirring. Regarding emulsions, divide amount of Naticide [®] among the idrophylic and lipophylic phase		
Storage	Keep product away from light and store in an air-tight container		
Toxicological data	 Oral acute toxicity Skin irritation Eye irritation <i>in vitro</i> (Het Cam test) Skin sensitization 	≥ 2000 mg/kg not irritant not irritant not irritant	

Vegetarian & Vegan Suitability Statement

PRODUCT NAME: Naticide

Naturally Balmy LTD can confirm that the above listed product does not contain dairy or any other animal product, by product or derivative and is therefore suitable for vegetarian and vegan use.
