

RAPID WAX

TECHNICAL SHEET

car wax

Rapid wax is a premium product that is non-toxic to the environment. Liquid product easy to apply. Its jet is easily sprayed so as to minimize the quantity of product on the vehicle. Its molecular attraction force makes this product unique and gives the vehicle a protective film protecting it against road dust, snow, rain and sun. The application is easy and a simple jet of rinsing water is enough to give it its wax effect.

Manual

1- Treatment on wet surfaces

Spray a fine mist on the already wet surface and wipe your vehicle with the help of a chamois.

2- Treatment on dry surfaces

Spray a fine mist directly on the dry surface and wipe with a soft cloth.

Conditioning

Packaging: Spray 500ml (MCRA1)
 4 liter container (MCRA3)

Technical data

Physical state White liquid
Odor None
Detectable density N.D.
Viscosity N.A.
Boiling point Near 100°C
