

SANI-PRO

TECHNICAL SHEET

Treatment for chemical toilets

Bleu à toilette is an odorous antiseptic product. It is biodegradable and contains no phosphates. It makes draining work easier in pipes by softening hard solids to facilitate the evacuation of septic tanks in trailers, boats and chemical toilets. This product removes deposits from pipes. Sani-Pro leaves no unpleasant odors. It attacks mineral and vegetable fats. Sani-Pro is a concentrate for industrial use. For septic tanks, it is specially designed to reduce odors and help to better break down solids in the tank.

Manual

Apply the product in the pipes to be cleaned and tank.

1- Add 150ml of SANI-PRO per 90 liter (20 gallon) tank

2- Adjust the quantity according to the size of the tank

Note: May require a higher dosage during warmer periods.

Conditioning

Packaging: 1 liter bottle (MSP2)
4 liter container (MSP3)

Technical data

Physical state	Liquid
Odor	Moderate
Density	1
Viscosity 20C	1
Color	Bleu
Water solubility at 20°C	Soluble
Flash point °C	None
Boiling point °C	100
PH at 5%	Not applicable
Chlorine	0.0%
Sulfur	0.0

Precautions
