

# RAW S1 GPU COMPATIBILITY LIST

Below you will find the list comprised of GPUs that are close to the limits presented on the right.

For obvious reasons we cannot test all cards on the market, but our ambition is to test as many as possible and to extend this list of compatible GPUs. We are hoping you can help us to further develop this document.

RAW S1 supports 3-slot GPUs or maximum up to the following dimensions:

|        |        |
|--------|--------|
| Length | 320 mm |
| Width  | 65 mm  |
