

# You and Me

by Antoni Pallejà Office

## DESCRIPTION:

It's a ping-pong table. Standard sized, with a surface, a design, and a structure which gives it full playability. But, it is also a large dining table, a conference table just right for the board room, or whatever you want. All the sportiness that it gets from the net, the bats, and the balls, can be put in the side drawer and hidden away completely. Built from high-quality materials, it has been made for either indoor or outdoor use.

Black finish for outdoor covered use. The black coloured table tennis table should be used in exterior covered and with protective cover to prevent discoloration by the sun.

## MATERIALS:

Structure: Steel with cathaphoresis coating process painted in smooth finish polyester paint.

Surface: High density HPL .

Legs: iroko wood

## ACCESSORIES:

Protective cover.

## COLOURS:
