Transparent OLED 55EW5PG-S

See the Unseen, LG Transparent OLED

 Astonishing Transparency

 Color with Great Depth

 Product Reliability

 Standalone Design

55EW5PG-S

Screen Size	55"
Panel Technology	OLED
Native Resolution	1,920 x 1,080 (FHD)
Brightness	150/400 nit (APL 100% / 25%, Without Glass)
Transparency	38% (SET)

High Transparency

LG's OLED technology gives the Transparent OLED Signage a slimmer structure without a backlight unit nor a liquid crystal layer, achieving a high transparency of 38%, much higher than conventional LCD transparent displays (10%*). While clearly showing objects behind the screen, it overlays the relevant information right before them.

* Based on LG's WFB series

Accurate and Vivid Colors

Featuring self-lighting pixels, the display maintains vivid colors and a high contrast ratio even when the display becomes transparent. It brings content to life from wide viewing angles, and the content blends into its surroundings seamlessly and naturally.

Protective Tempered Glass

Touching a display directly can cause damage or scratches. The tempered glass in front protects the product from such external impacts and its anti-shatter glass is designed to minimize customers' injuries.

* Optically Clear Adhesive

Alluring Design with a Stand

LG's alluring display concept takes a step forward. The transparent OLED with an alluring stand maintains the tone and manner of the design in harmony with its surroundings rather than dominating your space.

CONNECTIVITY

- 1 USB IN 2 (USB 2.0)
- 2 HDMI IN
- 3 DP IN
- 4 DP OUT
- 5 USB IN 1 (USB 2.0)
- 6 LAN IN
- 7 LAN OUT
- 8 RS-232C IN
- 9 RS-232C OUT
- 10 AUDIO OUT
